## Your ID Card Is Your Key to Care

---

You'll receive your identification (ID) card in the mail soon. Make sure to keep it handy. It lets providers know you have health coverage, so you can get care through your plan.

You should bring your ID card to doctor appointments and when picking up prescriptions at the pharmacy. You'll also need it for urgent and emergency care. Keep in mind, your health plan gives you access to urgent and emergency care across the country, so remember to bring your card when you travel.

You can also access your ID card digitally. Just visit [MyHighmark.com](https://www.MyHighmark.com), log in to your account and select **ID Card** under Member Information on your home screen. If you haven't already set up your account, select **Register** in the upper right corner of [MyHighmark.com](https://www.MyHighmark.com) and follow the instructions.

Here's all the important info you can find on your ID card:

If your ID card is lost or stolen, please contact Member Service as soon as you can. You can order a replacement ID card on [MyHighmark.com](https://www.MyHighmark.com). It's illegal to lend your ID card to anyone who isn't eligible to receive your benefits.

## Physician of Record (POR)

---

A physician of record (also called a primary care provider or PCP) is the provider or practice that you visit for your primary and routine care. This could be an internal medicine physician, general practitioner, family practitioner, certified registered nurse practitioner, or pediatrician.

Often your least costly option for care, your POR can provide routine services, such as physicals and immunizations, and recommend specialists when you need it. PORs, or their covering providers, are on call 24 hours a day, seven days a week. This includes specialists for behavioral health and preventive care.

Selecting a POR is optional, and not selecting one does not affect your benefits or claims payments in any way. You may change your POR selection at any time.

### A POR can help you:

- Achieve health goals.
- Monitor chronic health conditions and care maintenance.
- Stay on track with preventive care, like annual exams.
- Coordinate care with other providers, such as specialists, labs, and imaging centers. This prevents gaps or overlaps in service.

## Preventive Schedule

---

Preventive care helps you to stay healthy and find health problems early, when they're easier to treat. The preventive schedule on the next few pages depends on your age, gender, health, and family history and can be an important part of your overall health and well-being. Take some time to review your preventive schedule and discuss it with your doctor.

This preventive schedule is current as of January 1, 2024. Periodic updates may be made to the schedule, so visit [MyHighmark.com](https://www.MyHighmark.com) to check for updates.

# 2024 Preventive Schedule

Effective 1/1/2024

## Plan your care: Know what you need and when to get it

Preventive or routine care helps us stay well or finds problems early, when they are easier to treat. As a part of your health plan, you may be eligible to receive some of these preventive benefits with little to no cost sharing when using in-network providers. Make sure you know what is covered by your health plan and any requirements before you receive any of these services. Recommended annual services are based on a calendar year resetting January 1 of every year.

Some services and their frequency may depend on your doctor's advice. That's why it's important to talk with your doctor about the services that are right for your age, gender and family history. CHIP members may have additional preventive services and coverage. Please check the CHIP member booklet for further details of CHIP coverage of preventive services.

## Plan your child's care:

### Know what your child needs and when to get it

Most of these services may not have cost sharing if you use the plan's in-network providers. Make sure you know what is covered by your health plan and any requirements before you schedule any services for your child.

Services include Bright Futures recommendations. CHIP members may have additional preventive services and coverage. Please check the CHIP member booklet for further details of CHIP coverage of preventive services.

## Information About Children's Health Insurance Program (CHIP)

Because the Children's Health Insurance Program (CHIP) is a government-sponsored program and not subject to ACA, certain preventive benefits may not apply to CHIP members and/or may be subject to copayments.

The ACA authorizes coverage for certain additional preventive care services. These services do not apply to "grandfathered" plans. These plans were established before March 23, 2010, and have not changed their benefit structure. If your health coverage is a grandfathered plan, you would have received notice of this in your benefit materials.

## Using Your Prescription Drug Coverage

---

Your benefits include prescription drug coverage. You can fill prescriptions at pharmacies in your plan's pharmacy network. To locate a network pharmacy, go to [MyHighmark.com](https://www.myhighmark.com), log in, and click the **Prescriptions** tab. Scroll down to **Find a Pharmacy** and click on **Search Pharmacies**. Or call Member Service at the number on the back of your ID card.

For maintenance prescription drugs, you have two choices:

- Your prescriptions can be conveniently delivered to your home.
- You can pick up your prescriptions at a retail pharmacy.

You can arrange for home delivery from the Express Scripts Pharmacy or change your preference for retail or mail order delivery at any time by calling 1-800-903-6228.

### Prescription Drug Management for Your Formulary

Your formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It covers products in every major treatment category. Your drug formulary may limit coverage of certain drugs to the generic formulation(s) or it may prefer generic formulations by assigning a lower cost share to those products as compared to the brand-name formulations. Generic drugs have been determined by the FDA to be equivalent to the brand-name drug. A list of drugs included on your formulary can be found on [MyHighmark.com](https://www.myhighmark.com). You can also call Member Service at the number on the back of your member ID card for more information. Please note that formulary changes may occur throughout a plan year, so be sure to check [MyHighmark.com](https://www.myhighmark.com) often.

Highmark may impose quantity level limits on certain prescription drugs. Limits are based on the manufacturer's recommended dosage and Highmark's determination. The limits control the quantity the pharmacy provider gives you for each new prescription or refill. Additional quantity restrictions may be imposed on your first prescription for certain covered drugs. This means that the quantity you get will be reduced as necessary while it is established that you can tolerate the drug.

Additional quantity restrictions may be imposed which limit the duration of therapy for a medication to ensure it's used for an appropriate length of time. The prescribing physician may contact Highmark if an additional quantity of the drug is medically necessary and appropriate. If Highmark determines that it is medically necessary and appropriate, additional quantities of the drug will be covered.

Certain drugs that your physician may prescribe require a prior authorization from Highmark. You can find out what specific drugs or drug classifications require prior authorization by searching on the formulary website, calling the Member Service number on your ID card, or visiting [MyHighmark.com](https://www.myhighmark.com). Once the prescription is written, the provider or the member must request prior authorization from Highmark.

To obtain a prescription medication that is not included in the formulary, or to request prior authorization, your physician must complete the **Prescription Drug Medication Request Form** and return it to Highmark using either the fax number or the address as shown on the form for clinical review.

To print a copy of the **Prescription Drug Medication Request Form** for your provider to complete, log in to [MyHighmark.com](https://www.myhighmark.com), and click on **Prescriptions**. Scroll down to the **Drug Coverage** section and then click on the **Prescription Drug Medication Request Form** link.

You may also initiate this process yourself by following these steps: Log in to [MyHighmark.com](https://www.myhighmark.com), and click on **Prescriptions**. Scroll down to the **Drug Coverage** section and then click on **Submit an online request**. Complete the form and click **Submit**.

Once a clinical decision has been made, a decision letter will be mailed to you and your provider. If your request for an exception is not granted, you can ask for a review of Highmark's decision by making an appeal.

See your Member Agreement for more details about your prescription drug benefits.

## Women's Health and Cancer Rights Act of 1998

---

Nobody expects a breast cancer diagnosis, and we hope you never have to experience it yourself. But if you do, Highmark will be by your side every step of the way.

Our health plans are in compliance with the Women's Health and Cancer Rights Act of 1998. The federal act requires group health plans that cover mastectomies to also cover all stages of reconstruction and surgery of the breast on which the mastectomy was performed and surgery and reconstruction of the other breast to produce a symmetrical appearance. The act also requires such plans to offer coverage for prostheses and treatment of physical complications of a mastectomy, including lymphedema. Coverage may be subject to deductibles and coinsurance. If you have any questions, please call Member Service at the number on the back of your ID card.

### We're Always Here to Help

If you're facing decisions about breast cancer, you can discuss your options or concerns with a Blues On Call health coach anytime, day or night. Give them a call at 1-888-BLUE-428.

# Paying Your Monthly Premium

---

It's important to pay your monthly premiums so your coverage is active when you need care. There are several ways to pay your premium, so you can choose the one that works for you.

## e-Bill

When you sign up online for e-Bill, your monthly premium is automatically deducted from your checking or savings account on the first day of each month — so you don't have to worry about paying on time or writing checks. You can set up recurring payments or pay month by month.

Here's how to set up your e-Bill account:

1. Visit [MyHighmark.com](https://www.MyHighmark.com).
2. Select **Pay Premium**.
3. Select **Log In** if you have already set up your online account and follow the prompts.
4. Select **Pay as a Guest** to make a payment without logging in and follow the prompts.
5. Select **Register Here** to set up your online account.\*
6. Once registered, select **Pay Premium** and follow the prompts.

\*By registering, you'll gain full access to [MyHighmark.com](https://www.MyHighmark.com) and your e-Bill account. [MyHighmark.com](https://www.MyHighmark.com) allows you to view claims, review your coverage and benefits, and access helpful wellness tools. You can also keep track of prescriptions, request refills, and search for care — including doctors, hospitals, and specialists.

## Electronic Funds Transfer (EFT)

EFT is a convenient way to pay your premiums by having them automatically withdrawn from your bank account each month. To set up EFT payments:

1. Go to [MyHighmark.com](https://www.MyHighmark.com).
2. Scroll down to **Helpful Links**.
3. Select **Forms Library**.
4. Select **Automatic Premium Payment**.
5. Download the PDF file.
6. Complete the form and mail it with a voided check and your bill to the address indicated.

Keep in mind, it takes six to eight weeks to set up your EFT, so you must continue to pay your premiums a different way during this time.

## Mail

To pay your premium by mail, mail your invoice and check to the address on the invoice.

## Pay by Phone

To make your payment by phone, just call the Member Service number on the back of your member ID card. Be sure to have your account number and the bank's routing number handy when you call.

# Changes That Affect Your Premium

---

There are three changes that can affect your premium amount, so make sure to report them to us:

## 1. **Changes in Membership Status**

You must report when you or any of your dependents have a change that can affect your enrollment, such as:

- Marriage or divorce
- Adding or removing a domestic partner or dependent
- Death of a dependent or policyholder
- Eligibility for employer group health insurance coverage\*
- Eligibility for Medicare\*

To report a change for coverage you bought directly from Highmark, call the Member Service number on the back of your ID card. For coverage purchased on the Health Insurance Marketplace, call 1-800-318-2596 or visit **healthcare.gov**.

\*These situations should be reported as APTC eligibility will be lost if you become eligible for employer coverage or Medicare.

## 2. **Changes in Household Income**

If you bought your health coverage from the Health Insurance Marketplace, you must report changes in your household income. Increases or decreases in your income can affect your eligibility for the federal Advance Premium Tax Credit and/or cost-sharing reductions. To report changes, you must call 1-800-318-2596 or visit **healthcare.gov**.

You can also check for increased or reduced premium credits or cost-sharing reductions on **healthcare.gov**.

## 3. **Changes in Tobacco Use**

Tobacco use means that you used tobacco products on average four or more times per week within the past six months. If you indicated that you're a tobacco user when you enrolled for health coverage, your premium includes a tobacco surcharge. This means you pay a higher rate.

If you're tobacco-free for six months, the new health care law no longer considers you to be a tobacco user, which makes you eligible for an adjustment to your premium. After you've stopped using tobacco for six months, call the Member Service number on the back of your ID card so we can adjust your rate.

## If You Need to Cancel or Terminate This Plan or Your EFT/eBill Payments

---

**This section applies only to plans purchased directly from Highmark and does not affect those purchased through [healthcare.gov](https://www.healthcare.gov).**

If you purchased your plan directly from Highmark and would like to cancel/terminate your coverage, you must contact Highmark to request termination of your individual policy. The subscriber must provide notice by calling the Member Service number on the ID card before the requested termination date. Member-requested cancellation/termination effective dates can only occur on the first of the month. Coverage will be canceled/terminated on the first of the month after you notify us, or on your account paid-to date (whichever is earlier). Cancellations will void the coverage and must be requested prior to the coverage effective date or no later than ten (10) days after receipt of the Member Agreement. Member Service can instruct you on cancellation/termination procedures. Please do **not** send policy change requests back with your monthly premium payment/invoice coupon. Contact Member Service instead.

If you plan to enroll in other coverage, the subscriber must contact us to request cancellation/termination of the individual policy. If applicable, it is the subscriber's responsibility to notify any third party that is paying the premium on the subscriber's behalf (the plan will not refund premium payments because the subscriber's request to the plan or the third-party payer was not provided on time).

You are solely responsible for payment setup and cancellation for any EFT/eBill recurring payments, even when a third-party payer is paying your premium on your behalf. Requesting cancellation/termination of your policy will cancel the recurring payment/EFT payments; however, you must first contact Member Service to request cancellation/termination of your policy. Member Service can explain how recurring payments are done and can provide the date the next payment is scheduled to be withdrawn.

Highmark will communicate renewal, enrollment discontinuation, and premium information to you using the billing/correspondence addresses you have provided. Communications sent to a third-party address provided by you or your agent/broker acting on your behalf do not relieve you of the responsibility for providing payment and timely requests for cancellation/termination to the plan.

Additional information can be found in the Member Agreement in this booklet.

# Paying for Your Care

---

## Paying in the Provider's Office

A copayment, or copay, is a fixed amount you pay for a health service, such as a doctor's visit. If you owe a copayment, you need to pay it when you check in for your visit. Coinsurance is a percentage of the total cost of care that you also may need to pay. Network providers may have online tools to estimate your coinsurance costs. They can do this at the time of your visit, so you can discuss costs with your provider before getting services. This allows you to pay your share of the cost for services before leaving the office. Keep in mind, copayments and coinsurance may not be required for some covered services.

## The Explanation of Benefits

Once your claim is processed, you may receive an Explanation of Benefits (EOB) from us. The EOB is not a bill. It's a statement that gives you information about services you received. Services can be from physicians, facilities, or other professional providers. The EOB also includes costs you may owe for these services.

The EOB includes:

- The provider's charge.
- The allowable amount.
- The copayment, deductible, and coinsurance amounts, if applicable, that you're required to pay.
- The total benefits payable.
- The total amount you owe.

You can access your EOB online by registering on [MyHighmark.com](https://www.mychighmark.com). Your EOB can also be mailed to you if you prefer. If you don't owe a payment to the provider, you may not receive an EOB.

## Filing Claims

A claim is a request you make for payment of the charges or costs for a covered service you received. If you receive services from a network provider, you don't have to file a claim — your network provider takes care of that for you. If you go to an out-of-network provider, you may have to file the claim yourself. If you have to file the claim yourself, follow these easy steps:

1. Know your benefits. Review your Member Agreement to see if the services you received are eligible under your plan.
2. Get a detailed bill that includes:
  - Name and address of the service provider.
  - The patient's full name.
  - Date of service.
  - Description of the service/supply.
  - Amount charged.
  - Diagnosis or nature of illness.
  - Doctor's certification for durable medical equipment.
  - Nurse's license number and shift worked for private-duty nursing.
  - Total mileage for ambulance services.

Canceled checks, cash register receipts, or personal lists are not acceptable as bills.

3. Copy bills for your records. You must submit original bills. Once your claim is received, we cannot return bills.

4. Complete a claim form. Make sure all information is completed and dated properly. To download claim forms, go to [MyHighmark.com](http://MyHighmark.com), click **Claims & Spending**, then **Forms Library**. You can also get a claim form by calling Member Service.

After you complete steps 1 through 4, attach all detailed bills to the claim form, and mail the form to the address listed on it.

You can file multiple services for the same family member with one claim form. However, you must complete a separate claim form for each covered member. You must submit your claim no later than 12 months after the date you received services.

## How to Submit a Complaint

You can submit a complaint if you're not satisfied with:

- Any part of your health care benefits.
- A participating health care provider.
- Coverage.
- Operations.
- Management policies.

Please contact Member Service at the number on the back of your member ID card or by mail at the address listed below. Make sure to include your identification and group numbers as displayed on your ID card.

## Appeal Procedure

If you receive notification that your coverage has been rescinded or that a claim has been denied by Highmark, in whole or in part, you may appeal the decision. You can file an appeal in writing or on the phone by calling the Member Service number on the back of your member ID card. If you file in writing, please include your identification and group numbers from your ID card. Mail your appeal to:

We'll review your appeal and you'll be notified in writing of the appeal decision. Please refer to your Member Agreement in the back of this booklet for more details about your appeal rights.

## Get Quality Care

---

Your plan pays for covered services, supplies, or medications that are medically necessary and appropriate. These might be to prevent, evaluate, diagnose, or treat an illness, injury, disease, or its symptoms. They must:

- Be generally accepted standards of medical practice.
- Be clinically appropriate in type, frequency, extent, site, and duration.
- Be considered effective for your illness, injury, or disease.
- Not be for your or your provider's convenience.
- Not be more costly than another service that may give you similar results.

If your care requires prior authorization, your provider will need to contact our Utilization Management (UM) team in Clinical Services to review the medical necessity of the service being requested. This includes inpatient and outpatient nonemergency care. This review helps to determine if a service, supplies, or medication are medically necessary and appropriate. For requests related to planned or nonemergency care, this review is done before the care is given. This must be done before your plan pays benefits. Your plan will not pay benefits if our team of doctors and nurses determine that the service, supplies, or medication are not medically necessary and appropriate.

### In-Network Care

Before you see a provider, check to make sure they're in network. By keeping care in network, medically necessary and appropriate care will be covered at the lowest cost to you.

### Find In-Network Providers, Hospitals, and Facilities

You can search for in-network care in a few different ways

- **Online:** Go to [MyHighmark.com](https://www.MyHighmark.com) and log in to your account. Click the **Find a Doctor** tab and follow the directions to search for providers.
- **My Care Navigator:** Call 888-258-3428.
- **Member Service:** Reach them at the number on the back of your member ID card.

### Out-of-Network and Out-of-Area BlueCard Coverage

To understand how care will be covered, it is helpful to know the difference between common types of care:

**Emergency Care** – Emergency care is for serious or life-threatening medical conditions that require immediate care. **If you think you're having a medical emergency, call 911 or go immediately to the nearest emergency room.** The hospital will provide needed care, and it will be covered at in-network rates - even if that hospital is out of network.

**Urgent Care** – Urgent care is care needed for an unexpected illness or injury that isn't life-threatening but must be treated and cannot reasonably be postponed.

**Out-of-Network Care** – This is care from providers or facilities that don't participate in your plan's network.

**Out-of-Area Care with BlueCard** – BlueCard links providers with independent Blue Cross and Blue Shield plans across the country and allows them to submit claims for processing and reimbursement. **Depending on the terms of your member agreement,** the BlueCard® program allows you to receive routine, emergency, and urgent care from BlueCard-participating providers while traveling outside of your plan's service area. However, certain services may still require you to work with your

BlueCard-participating provider to obtain prior authorization. To see if your care requires prior authorization, call Member Service at the number on the back of your ID card.

**You are not required to see a BlueCard provider for emergency or urgent care.** Out-of-network care for emergencies and urgent situations will be covered. Always go to the nearest hospital emergency room if you are having a medical emergency.

You can find BlueCard-participating providers by calling BlueCard Access at 1-800-810-BLUE. You can also search for BlueCard providers on MyHighmark.com by specialty, city, state, or ZIP code. Or visit the BlueCard Doctor and National Hospital Finder website at **bcbs.com**.

## **Out-of-Network Services**

### **Out-of-network emergency care services**

If you think that you are having a medical emergency, go directly to a hospital emergency room or call 911. Emergency care is for serious or life-threatening medical conditions that require immediate attention, and it's covered under your plan. You or your designated representative should contact Highmark Member Service at the number on the back of your member ID card and your PCP after receiving emergency care.

**Please note:** If you seek emergency care from an out-of-network provider, Highmark will make sure that you're not responsible for any amounts in excess of the Highmark payment, except for applicable deductible, coinsurance, and/or copayment required by your plan. Providers may not balance bill you for charges beyond pre-defined member responsibility amounts, as required by your plan. If you receive a balance bill from an out-of-network provider for emergency care services, please contact Highmark immediately.

### **If you are seeking a planned admission to an out-of-network hospital**

If you're planning to go to an out-of-network facility for nonemergency care, you or your designated representative must call UM first to find out if your services are covered as medically necessary and appropriate. All inpatient admissions require prior authorization.

Call UM at the Member Service number on the back of your member ID card for prior authorization before you're admitted to an out-of-network facility, so that you understand whether your care will be considered in or out of network. Your provider, you, or your designated representative should call 7 to 14 days before your planned admission.

An authorization is not required for a normal inpatient vaginal delivery for maternity care unless clearly stated in a member's Member Agreement. Normal inpatient stay is forty-eight (48) hours for vaginal delivery and ninety-six (96) hours for caesarean section. If the mother and/or baby require an inpatient stay that exceeds these time frames, authorization would be required regardless of whether the provider is in or out of network. Your or your designated representative should ask the provider to request an authorization for these services. However, if your provider refuses that request, you or your designated representative should contact Highmark at the Member Service number on the back of your ID card.

In addition, the Clinical Services department should be contacted for any urgent or emergency admissions for maternity care, such as admissions for hyperemesis, preterm labor, placenta previa, and preeclampsia. Your or your designated representative should ask the out-of-network provider to contact the Highmark Clinical Services department. However, if your provider refuses that request, you or your designated representative should contact Highmark at the Member Service number on the back of your ID card.

**For unplanned admissions**, your provider should call as soon as reasonably possible, but ideally within 48 hours after an emergency admission.

Out-of-network providers are not obligated to contact UM. If they do, they do not have to accept UM's decision, if not approved. As a result, you may receive services that are considered not medically necessary and

appropriate under your plan. You could be responsible for the cost of those services, so it's important to understand your health plan coverage.

Your or your designated representative should ask the out-of-network provider to request an authorization for these services. However, if your provider refuses that request, you or your designated representative should contact Highmark at the Member Service number on the back of your ID card.

## How We Decide if a Technology or Drug Is Experimental

Medical researchers constantly experiment with new medical equipment, drugs, and other technologies. They also look for new applications for existing technologies. These could be for medical and behavioral health procedures, drugs, and devices.

A panel of medical professionals must evaluate these new technologies and new applications for existing technologies for:

- Safety.
- Effectiveness.
- Product efficiency.

After these evaluations are completed, Highmark may recommend that the technology be considered a medical practice and a covered benefit, or the technology may be considered “experimental or investigative.” This technology is not generally covered. We may also reevaluate it in the future.

## Evaluating New Drugs

A Pharmacy and Therapeutics (P&T) Committee comprised of pharmacists and physicians evaluates new FDA-approved drugs based on items such as:

- National and international data.
- Current research.
- Opinions from leading clinicians.

The review process addresses factors such as:

- Safety.
- Drug effectiveness.
- Unique value.
- Patient compliance.
- Local physician and specialist input.
- Financial impact of the drug.

The P&T Committee then makes a recommendation on the new FDA-approved drug.

You may decide to pursue an experimental or investigative treatment. If a service you are going to receive may be experimental or investigational, find out if it’s covered. You, the hospital, or a professional provider can call Member Service about coverage for experimental or investigational medications.

## If You Suspect Fraud or Provider Abuse

If you think that a provider is committing fraud, please let us know. Examples of fraud include, but are not limited to:

- Submitting claims for services that you did not receive
- Adding extra charges for services that you did not receive
- Giving you treatment for services you did not need

Please call the toll-free Fraud Hotline at 1-800-438-2478.

I. **READ YOUR AGREEMENT CAREFULLY** - This outline provides a very brief description of the important features of your Agreement. This is not the insurance contract and only the actual Agreement provisions will control. The Agreement itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you READ YOUR AGREEMENT CAREFULLY!

II. **COMPREHENSIVE MAJOR MEDICAL PREFERRED PROVIDER EXPENSE COVERAGE** - Agreements of this category are designed to provide coverage for hospital, medical and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided at network and out-of-network levels of benefits with cost-sharing options such as deductibles, copayments, coinsurance amounts and benefit maximums.

Services received from network providers are provided at a higher level of benefits than out-of-network services, and certain services are covered only when they are received from network providers. Network services are limited to the Highmark Blue Cross Blue Shield Participating Provider Network and/or the Local PPO Network, depending upon where the member receives services. Covered pediatric dental services are limited to the United Concordia Advantage Plus 2.0 Provider Network and vision care services are limited to the Davis Vision Health Care Reform Provider Network. A gatekeeper is not required to access benefits. This program includes individual and family deductibles, coinsurance and copayment amounts. Benefits are subject to the Health Care Management Services provisions with possible loss of benefits for non-compliance. Benefits for emergency care services and urgent care services are provided at the network services level of benefits.

III. **RENEWABILITY AND CHANGE OF PREMIUM**

Coverage under the Agreement continues until the end of the Benefit Period, and for each Benefit Period thereafter until terminated in accordance with this Agreement. Non-renewal shall not be based on the deterioration of mental or physical health of any individual covered under this Agreement. Subject to the right of the Plan to terminate coverage and to any amendment permitted under applicable law, this Agreement will remain in effect continually until terminated by the Subscriber or the Plan in accordance with Subsection T. **TERMINATION OF THE MEMBER'S COVERAGE UNDER THE AGREEMENT OF SECTION GP - GENERAL PROVISIONS.**

Subject to the approval of the Delaware Department of Insurance, the Plan may adjust premiums on a class basis. Any change in the premium shall become applicable for Subscribers (and any dependents) upon the expiration of the Benefit Period. This Agreement will renew at the beginning of a Benefit Period at the premium for the age which the Subscriber (and any dependents) has then attained.

IV. **A BRIEF DESCRIPTION OF THE BENEFITS CONTAINED IN THE AGREEMENT IS AS FOLLOWS:**

- H. **Other Benefits** - including home health agency covered services for eligible members; inpatient care in a skilled nursing facility; fertility care services; birthing center coverage for prenatal, labor, delivery and postpartum care, vision care services when provided by a participating vision provider; orthodontic treatment for congenital cleft palates; dental services related to accidental injury; and general anesthesia and associated services normally related to the administration of general anesthesia rendered in connection with covered and non-covered dental procedures or non-covered oral surgery as mandated by law; dental services when provided by a dentist who is a network provider; and mental health care and substance abuse treatment.
- I. **Emergency Care Services** - including the treatment of bodily injuries resulting from an accident, following the sudden onset of a medical condition or, following, in the case of a chronic condition, a sudden and unexpected medical event that manifests itself by acute symptoms of sufficient severity or severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in one or more of the following: 1) placing the member's health, or with respect to a pregnant woman, the health of the woman and her unborn child in serious jeopardy, 2) causing serious impairment to bodily functions, 3) causing serious dysfunction of any bodily organ or part and for which care is sought as soon as possible after the medical condition becomes evident to the member or the member's parent or guardian.

Transportation and related emergency services provided by an ambulance service shall constitute emergency ambulance services if the injury or the condition satisfies the criteria above.

Use of an ambulance as transportation to an emergency room of a facility provider for an injury or condition that does not satisfy the criteria above will not be covered as emergency ambulance services.

When the member requires emergency services, all benefits will be provided at the network services benefit levels. In the event of an inpatient admission, the member, provider or a family member must notify the Plan within forty-eight (48) hours of the admission, or as soon as reasonably possible. Once a Member is stabilized, the Plan may offer to transfer the Member's care from an out-of-network provider to a network provider. In connection with such transfer, the Plan will arrange for transport to the network provider without cost to the Member.

Treatment for an occupational injury for which benefits are provided under any Workers' Compensation Law or any similar Occupational Disease Law is not covered.

J. **Benefit Amounts, Durations, Limits, Deductibles and Coinsurance for Benefits Under the Agreement**

1. **Benefit Period** - the specified period of time during which charges for covered services must be incurred in order to be eligible for payment by the Plan. For this program, the benefit period is a calendar year. A member's effective date is the date on which coverage under this program commences for the member.
2. **Payment of Benefits** - Benefit amounts are determined based on the plan allowance for covered services. The plan allowance is the allowance that the Plan utilizes to represent the value of covered services provided to a member based on the type of service and the provider who renders such service, or as required by law. The plan allowance is the portion of the provider's billed charge that is used by the Plan to calculate the Plan's payment to that provider and the member's liability.

Benefit amounts for outpatient prescription drugs are determined based on the provider's allowable price for covered medications. The provider's allowable price is the amount at which the participating pharmacy provider has agreed with the Plan to provide covered medications, covered maintenance prescription drugs, and specific devices to members covered under the Agreement.

Benefits for certain vision care services are determined based on the provider's charge in an amount not to exceed the program allowance. In such cases, the Member will be responsible for paying the balance of any portion of the provider's charge that may exceed the program allowance.

3. **Schedule of Benefits**

Please see **SECTION SB – SCHEDULE OF BENEFITS** of the **INDIVIDUAL COMPREHENSIVE MAJOR MEDICAL PREFERRED PROVIDER SUBSCRIPTION AGREEMENT Identified As my Blue Access PPO Bronze 3800** for more information about what services this program covers and associated cost sharing.

V. **EXCEPTIONS, REDUCTIONS, AND LIMITATIONS OF THE AGREEMENT**

- A. **Medically Necessary and Appropriate** - "Medically necessary and appropriate" means services, medications or supplies that a provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are: 1) in accordance with generally accepted standards of medical practice; 2) clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and 3) not primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service, sequence of services or site of service at least as likely to produce equivalent therapeutic or

diagnostic results given the nature of the patient's diagnosis, treatment, illness, injury or disease, the severity of the patient's symptoms, or other clinical criteria. Benefits under the Agreement for services, medications or supplies will be provided only when the Plan, utilizing the criteria set forth in the paragraph above, determines that such service, medication or supply is medically necessary and appropriate. "Dentally necessary" means dental services determined by a dentist to either establish or maintain a patient's dental health based on the professional diagnostic judgment of the dentist and the prevailing standards of care in the professional community. This determination will be made by the dentist in accordance with guidelines established by the Plan.

- B. **Experimental/Investigative Treatments** - The Plan does not cover services which it determines are experimental or investigative in nature because those services are not accepted by the medical community as effective treatments.
- C. **Health Care Management Services** - A complete Health Care Management Service (HMS) Program requires review prior to certain non-emergency inpatient admissions and outpatient procedures or services to determine the medical necessity and appropriateness of the admission, place of services, or covered services ("precertification").
- D. **Plan Payment and Member Liability**

The Plan uses the plan allowance to calculate the benefit payable and the financial liability of the member for medically necessary and appropriate services covered under the Agreement. In the case of outpatient prescription drug benefits, the Plan uses the provider's allowable price. Plan allowance and the provider's allowable price are set forth in **Section IV, Subsection J. Benefit Amounts, Durations, Limits, Deductibles and Coinsurance for Benefits Under the Agreement.**

1. Plan Payment

The Plan's payment is determined by first subtracting any deductible and/or copayment liability from the plan allowance. The coinsurance percentage of the plan allowance set forth in **Section IV., Subsection J. Benefit Amounts, Durations, Limits, Deductibles and Coinsurance for Benefits Under the Agreement** is then applied to that amount. This amount represents the Plan's payment. Any remaining coinsurance amount is the member's responsibility.

2. Member Liability

The member's total liability is the sum of any deductible, copayment and/or member coinsurance obligation. Network providers will accept the Plan's payment plus the member's total liability as payment in full for the covered services provided to the member.

Out-of-network providers are not required to accept the Plan's payment as payment in full. When a member receives non-emergency covered services from an out-of-network provider, the out-of-network provider may bill the member for the difference between the out-of-network provider's billed amount and the Plan's payment. This is in addition to any member coinsurance, deductible and/or copayment obligations. When a member receives emergency ambulance services by ground or water, from an Out-of-Network volunteer fire company or emergency medical services provider agency certified by the Delaware State Fire Prevention Commission, the provider may bill the member for the difference between the provider's billed amount and the Plan's payment. This is in addition to any member coinsurance, deductible, and/or copayment obligations.

However, the following covered services when received from an out-of-network provider will be provided at the network services level of benefits and the member will not be responsible for such difference:

- a. Emergency care services as set forth in the **EMERGENCY CARE SERVICES** Subsection of **SECTION DB - DESCRIPTION OF BENEFITS** of the Agreement; and
- b. Ambulance Services as set forth the **AMBULANCE SERVICES** Subsection of **SECTION DB - DESCRIPTION OF BENEFITS** of the Agreement when provided by air; and
- c. Urgent Care Services.

In very limited circumstances, members may also not be liable for charges for non-emergency covered services received from certain professional providers or ancillary providers who are not part of the network. A network facility provider may have an arrangement with a professional provider or ancillary provider who is not part of the network to render certain items and professional services (such as, but not limited to, equipment, devices, anesthesiology, radiology or pathology services) to the patients of the network facility provider. The selection of such professional providers or ancillary providers may be beyond the patient's control. In that situation, the member will not be liable, except for applicable network deductible, copayment or coinsurance obligations, for the charges of that professional provider or ancillary provider.

In certain circumstances, the Plan may have an agreement with a provider located within the Plan service area that is not participating in the Highmark Blue Cross Blue Shield network for negotiated rates that are less than the provider's billed amount. When the member receives covered services from such an out-of-network provider, the provider will accept the Plan's negotiated rate as payment in full for covered services. The member will be responsible for any out-of-network service deductible, copayment and/or coinsurance amounts.

In the event that a member requires non-emergency covered services that are not available within the network, the Plan may refer the member to a provider who is not a network provider. The member must notify the Plan prior to receiving a covered service from an out-of-network provider in order for the Plan to facilitate this arrangement. In such cases, services will be covered at the network service benefit level and the liability of the member will be limited to the network coinsurance amount plus any network deductible and/or copayment obligations. The member will not be responsible for any difference between the Plan payment and the provider's charge. Additionally, there are some instances where a member may not have the opportunity to make a provider selection. In such cases, claims for covered services will be processed to apply network cost-sharing amounts and the Plan will prohibit provider balance billing to the member.

### 3. Outpatient Prescription Drug Benefits

The Plan's payment for covered medications and specific devices purchased from a participating pharmacy provider is determined by first subtracting any deductible liability and/or copayment liability from the provider's allowable price. The coinsurance percentage as set forth as set forth in SECTION SB - SCHEDULE OF BENEFITS is then applied to that amount once the deductible, if any, has been satisfied. Any remaining coinsurance amount is the member's responsibility, subject to any minimum and maximum coinsurance amount set forth in SECTION SB - SCHEDULE OF BENEFITS. The member's total liability for covered medications is the sum of any deductible, copayment and coinsurance obligations, if any. However, until the member has satisfied their deductible, if any, the participating pharmacy

provider is entitled to collect from the member 100% of the provider's allowable price for the covered medication at the time of purchase. The Plan's payment for preventive covered medications is 100% of the provider's allowable price. Cost-sharing for covered prescription insulin drugs will not exceed \$100.00 per month. No benefits are payable for covered medications purchased from a pharmacy provider who is not a network provider. Coverage is not provided for prescription drugs and over-the-counter drugs not appearing on the formulary, unless an exception has been granted pursuant to the prescription drug or contraceptive exceptions processes referenced in Section HC - Health Care Management Services of the Agreement.

4. Plan Payment for Vision Care Services

The plan allowance for participating vision providers within or outside of Delaware is the amount agreed to by the participating vision provider as payment in full, as set forth in the agreement between the participating vision provider and the Plan.

5. Plan Payment for Pediatric Dental Services

The plan allowance for participating dental providers within or outside Delaware is the amount agreed to by the participating dental provider as payment in full, as set forth in the agreement between the participating dental provider and the Plan.

## IMPORTANT NOTICE

### Regarding Treatment Which the Plan Determines Is Not Medically Necessary and Appropriate

The Plan only provides benefits for Covered Services which it determines to be Medically Necessary and Appropriate. Medical Necessity and Appropriateness of Covered Services may be determined either prior to the service being rendered or after the service has been rendered.

A Network Provider in the Network Service Area will accept the Plan's determination of Medical Necessity and Appropriateness, and not bill the Member for Covered Services that require Highmark Blue Cross Blue Shield's prior authorization and that the Plan determines are not Medically Necessary and Appropriate, except when the Member elects to receive the Services after being advised that the Services have been determined not to be Medically Necessary and Appropriate. An Out-of-Network Provider is not obligated to accept the Plan's determination and, therefore, may bill the Member for Services determined not to be Medically Necessary and Appropriate. The Member is solely responsible for payment of such Services. The Member can avoid this responsibility by choosing a Network Provider. If a Member has a concern about a Service being covered, he/she should contact the Plan prior to the Service being rendered.

A Participating Dentist or a Participating Vision Provider will accept the Plan's determination of Medical Necessity and Appropriateness and not bill the Member for Covered Services that the Plan determines are not Medically Necessary and Appropriate, except when the Member elects to receive the Services after being advised that the Services have been determined not to be Medically Necessary and Appropriate. An Out-of-Network Dentist or Vision Provider is not obligated to accept the Plan's determination and, therefore, may bill the Member for Services determined not to be Medically Necessary and Appropriate. The Member is solely responsible for payment of such Services. The Member can avoid this responsibility by choosing a Network Provider. If a Member has a concern about a Service being covered, he/she should contact the Plan prior to the Service being rendered.

For any questions regarding the Medical Necessity and Appropriateness of a service, the Member may contact the Plan at the toll-free telephone number on the Member Identification Card.

See **SECTION DE - DEFINITIONS** for the definition of Medically Necessary and Appropriate and **SECTION HC - HEALTH CARE MANAGEMENT SERVICES** for additional information.

### Regarding Experimental/Investigative Treatments

The Plan does not cover services which it determines are Experimental or Investigative in nature because those services are not accepted by the medical community as effective treatments. However, the Plan acknowledges that situations exist when a patient and his or her Professional Provider agree to pursue an Experimental treatment. If the Member's Provider performs an Experimental procedure, the Member is responsible for the charges. The Member or the Member's Professional Provider may contact the Plan to determine whether a service is considered Experimental or Investigative.

See **SECTION DE - DEFINITIONS** for the definition of Experimental/Investigative.

If the procedure or Covered Service is determined not to be Medically Necessary and Appropriate, no benefits will be provided. The Member will be financially responsible for the full amount of the Out-of-Area Network Provider's charge.

c. Out-of-Network Services

Whenever a Member utilizes an Out-of-Network Provider, it is the responsibility of the Member to first contact the Plan to confirm the Medical Necessity and Appropriateness of such procedures or Covered Services.

If the Member DOES NOT CONTACT the Plan for Certification, those procedures or Covered Services may be reviewed after they are received to determine Medical Necessity and Appropriateness.

If the procedure or Covered Service is determined to be Medically Necessary and Appropriate, benefits will be paid in accordance with this Agreement. The Member will be financially responsible for the difference between what is covered by the Agreement and the full amount of the Out-of-Network Provider's charge. If the procedure or Covered Service is determined not to be Medically Necessary and Appropriate, no benefits will be provided. The Member will be financially responsible for the full amount of the Out-of-Network Provider's charge.

4. **Continued Stay Review**

Network and Out-of-Network Services

The medical progress of patients is reviewed to identify the continued Medical Necessity and Appropriateness of the Inpatient stay.

If a Member elects to continue to receive Inpatient Services after receipt of written notification from the Plan that such level of care is no longer Medically Necessary and Appropriate, the Member will be financially responsible for the full amount of the Provider's charges from the date appearing on the written notification.

Benefits provided in inpatient or residential settings for the diagnosis and treatment of Substance Abuse are not subject to concurrent utilization review for the first 14 days of an admission, provided the Facility Provider notifies the Plan of both the admission and the initial treatment plan within forty-eight (48) hours of the admission.

## 5. Discharge Planning

### Network and Out-of-Network Services

Discharge Planning is a collaborative effort on the part of the Plan, the Facility Provider, the Professional Provider, the Member, and their family to assure that the patient receives safe and uninterrupted care when needed at the time of discharge.

## 6. Individual Case Management

Case Management is the process by which the Plan, in its sole discretion, identifies alternative treatment modalities commensurate with the Member's diagnosis profile and consults with the patient and attending Professional Provider(s). Notwithstanding the foregoing, all decisions regarding the treatment to be provided to a Member shall remain the responsibility of the treating Professional Provider(s) and the Member working with the Plan.

The Plan shall provide such alternative benefits, in its sole discretion, only when, and for so long as, it determines that the procedures/Services are Medically Necessary and Appropriate, cost effective, and that the total benefits paid for such procedures/Services do not exceed the total benefits to which the Member would otherwise be entitled under this Agreement in the absence of alternative benefits.

Such alternative benefits may include offering the Member a home recovery care option so that treatment for specific medical conditions can be provided in the Member's home when it is determined that the Member can be safely treated for such condition in that setting. In connection with the home recovery care option, case management will largely focus on stepped-up care coordination services and may include, in the Plan's sole discretion, non-emergency transportation to provider locations.

The Plan will provide Individual Case Management Services for those Members identified by the Plan as falling into one (1) or more of the following diagnosis profiles of illnesses or injuries, or such other diagnosis profiles as deemed appropriate from time to time by the Plan:

### Illnesses

Acquired Immune Deficiency Syndrome	Cystic Fibrosis
Amyotrophic Lateral Sclerosis	Diabetes Mellitus
Autism Spectrum Disorders	Multiple Sclerosis
Carcinoma	Muscular Dystrophy
Cardiac Surgery	Neonatal High Risk Infants
Cerebral Palsy	Osteomyelitis
Cerebrovascular Accident	Psychiatric Diagnoses
Chronic Obstructive Pulmonary Disease	Sickle Cell Anemia
Complications of Chronic Disease Processes	Spina Bifida

### Injuries

Amputations	Paralytic Syndromes
Major Head Trauma	Severe Burns
Multiple Fractures	Spinal Cord Injury

## 7. **Authorized Representative**

Nothing in this Subsection shall preclude a duly authorized representative of the Member from filing or otherwise pursuing a Precertification request or other Pre-service Claim on behalf of a Member. The Plan reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on behalf of a Member. Such procedures as adopted by the Plan shall, in the case of an Urgent Care Claim, permit a Professional Provider or Professional Other Provider with knowledge of the Member's medical condition to act as the Member's authorized representative.

## 8. **Notification of Precertification and Other Pre-Service Claim Determinations**

Precertification of Covered Services, when required under this Agreement, and all other Pre-service Claims including requests to extend a previously approved course of treatment will be processed and notice of the Plan's determination, whether adverse or not, will be given to the Member within the following time frames unless otherwise extended by the Plan for reasons beyond its control:

- a. In the case of an Urgent Care Claim, as soon as possible, taking into account the medical exigencies involved, but not later than seventy-two (72) hours following the Plan's receipt of the Urgent Care Claim. Similarly, when the Urgent Care Claim seeks to extend a previously approved course of treatment and the request is made at least twenty-four (24) hours prior to the expiration of such previously approved course of treatment, notice of the Plan's determination will be given to the Member as soon as possible, taking into account the medical exigencies involved, but no later than twenty-four (24) hours following receipt of the request; and
- b. In the case of a non-urgent care Pre-service Claim, within a reasonable period of time appropriate to the medical circumstances, but not later than fifteen (15) days following the Plan's receipt of the non-urgent care Pre-service Claim.

Notice of the Plan's approval of a Pre-service Claim will include information sufficient to apprise the Member that the request has been approved. In the event that the Plan renders an adverse determination on a Pre-service Claim, the notification shall include, among other items, the specific reason or reasons for the adverse determination and a statement describing the right of the Member to file an internal appeal or request an external review.

## 9. **Prescription Drug Precertification**

Certain Covered Medications, as designated by the Plan, may require Precertification to ensure the Medical Necessity and Appropriateness of the Prescription Order. The Member's Physician must obtain Certification from the Plan prior to the dispensing of the drug at a Participating Pharmacy Provider or through mail-order, if applicable. If it is determined by the Plan that the Covered Medication is Medically Necessary and Appropriate, the Covered Medication will then be dispensed by the Participating Pharmacy Provider or through mail-order, if applicable.

## 10. **Prescription Drug Exceptions**

Coverage is not provided for Prescription Drugs and Over-the-Counter Drugs not appearing on the Formulary, unless an exception has been granted by the Plan pursuant to the Step Therapy Program described in Subsection S. Outpatient Prescription Drugs of **Section DB – DESCRIPTION OF BENEFITS**. The Member, the Member's authorized representative or the Member's prescribing physician may request coverage of a Prescription Drug not appearing on the Formulary. The Plan

will review the exception request and notify the Member of its determination within two (2) business days of receiving the request.

If the Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a non-formulary drug, the Member, the Member's authorized representative, or the Member's prescribing physician may request an expedited review based on exigent circumstances. In the case of such an exigent circumstance, the Plan will notify the Member, the Member's authorized representative, or the Member's prescribing physician of its coverage determination within twenty-four (24) hours of receiving the request.

In the event that the Plan denies a request for exception, the Member, the Member's authorized representative, or the Member's prescribing physician may request that the exception request and subsequent denial of the request be reviewed by an independent review organization. Plan must make its determination on the external exception request and notify the Member, Member's authorized representative or the Member's prescribing physician of its coverage determination no later than seventy-two (72) hours following its receipt of sufficient information to begin its review or the request, or if the request was an expedited exception request, no later than twenty-four (24) hours following its receipt of sufficient information to begin its review of the request.

If the Plan grants the request for an exception, the Prescription Drug will be covered for the duration of the prescription, or if pursuant to an expedited exception request, for the duration of the exigency. Coverage will be provided in accordance with the Outpatient Prescription Drugs schedule of benefits in **SECTION SB – SCHEDULE OF BENEFITS**.

#### 11. **Contraceptive Exceptions**

The Member's prescribing physician may request coverage of a non-formulary contraceptive service, including contraceptive Prescription Drugs, contraceptive devices, implants and injections, for the purposes of birth control, through the Plan's contraceptive exception process. If the Plan grants the request for an exception, the non-formulary contraceptive service will be covered for the calendar year. Coverage will be provided in accordance with the PREVENTIVE SERVICES Subsection of this Agreement.

#### F. **SELECTION OF PROVIDERS**

A Member covered under this Agreement has the option of choosing where and from whom to receive Covered Services. A Member may utilize a Network Provider or an Out-of-Network Provider. However, Covered Services received from a Network Provider are usually provided at a higher level of benefits than those received from an Out-of-Network Provider and certain non-emergency Services may only be covered when rendered by a Network Provider. Such Services are specified in the Covered Services Subsection of **SECTION SB - SCHEDULE OF BENEFITS**. However, services are not covered when rendered by a Non-Participating Pharmacy Provider, a Non-Participating Dentist or a non-Participating Vision Provider. If Covered Services are provided for a child with a severe disability by a Non-Participating Dentist, the Member's responsibilities will be calculated at the in-network level. For purposes of this section, a child with a severe disability means a Dependent under the age of nineteen (19) who, due to significant mental or physical condition, illness or disease, is likely to require specialized treatment or supports to secure access to dental care. The written certification of the child's treating physician, advance practice nurse, or licensed psychologist shall be sufficient to qualify a person as a child with a severe disability.

In the event that a Member requires non-emergency Covered Services that are not available within the Network, the Plan may refer the Member to a Provider who is not a Network Provider. The Member must

notify the Plan prior to receiving a Covered Service from an Out-of-Network Provider in order for the Plan to facilitate this arrangement. In such cases, Services will be covered so that the Member will not be responsible for any greater out-of-pocket amount than if Services had been rendered by a Network Provider. The Member will not be responsible for any difference between the Plan payment and the Provider's billed charge. Additionally, there are some instances where a Member may not have the opportunity to make a provider selection. In such cases, Claims for Covered Services will be processed to apply the Network Services level of benefits and the Member will not be subject to any balance billing amounts.

Payment for Covered Services is specified in the **PLAN PAYMENT AND MEMBER LIABILITY** and **COVERED SERVICES** Subsections of **SECTION SB - SCHEDULE OF BENEFITS** of this Agreement.

Members may contact the Plan at the toll-free telephone number or the website appearing on the back of the Member's Identification Card to locate a Network Provider or to obtain a Provider Directory.

**G. BENEFITS AFTER PROVIDER TERMINATION FROM THE NETWORK**

If, at the time a Member is receiving medical care from a Network Provider, notice is received from the Plan that:

1. the Plan intends to terminate or has terminated all or portions of the contract of that Network Provider for reasons other than cause; or,
2. the contract of that Network Provider will not be renewed, or the participation status of that Network Provider is changing;

the Member may, at his/her option, continue an active course of treatment with that Provider until the treatment is complete or for a period of up to ninety (90) days from the date the notification of the termination or pending termination is received, whichever is shorter. For purposes of this Subsection, active course of treatment means:

1. an ongoing course of treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted;
2. an ongoing course of treatment for a serious acute condition, defined as a disease or condition requiring specialized medical treatment to avoid the reasonable possibility of death or permanent harm or complex ongoing care which the Member is currently receiving, such as chemotherapy, radiation therapy or post-operative visits;
3. confirmed pregnancy, through the postpartum period;
4. scheduled nonelective surgery, through postoperative care;
5. an ongoing course of treatment for a health condition that is life-threatening, degenerative, potentially disabling or congenital and that requires specialized medical care over a prolonged period of time or for which a treating Physician or health care provider attests that discontinuing care by that Physician or health care provider would worsen the condition or interfere with anticipated outcomes;
6. treatment for a terminal illness; or
7. undergoing a course of institutional or inpatient care from the Provider or Facility Provider.

If, however, the Network Provider is terminated for cause and a Member continues to seek treatment from that Provider, the Plan will not be liable for payment for health care services provided to the Member following the date of termination.

Any Services authorized under this Subsection will be covered in accordance with the same terms and conditions as applicable to a Network Provider. Nothing in this Subsection shall require the Plan to pay benefits for health care services that are not otherwise provided under the terms and conditions of this Agreement.

#### H. **HEALTH IMPROVEMENT SERVICES AND SUPPORT**

From time to time, the Plan may directly or indirectly make available to Members information and access to non-medical items, services and support programs designed to address underlying social and environmental factors that may impact the Member's health status. The provision of such information, items, services and support programs shall not alter the benefits provided under this Agreement.

#### I. **CARE MANAGEMENT PROGRAMS**

Care management programs are designed to help Members maintain good health, and to work with Members to manage chronic conditions or special health care needs and reduce health risk factors or prevent adverse medical events.

The Plan may offer Members care and disease management and prescription drug management services as deemed appropriate from time to time by the Plan.

The Plan may offer Members an opportunity to participate in certain care management programs which may include, but are not limited to, disease or other health condition monitoring, consultations with health care Providers or other health care professionals participating in the care management program, health coaching, medication management and optimization. In some instances, consultations, remote monitoring equipment, devices and/or Durable Medical Equipment are provided as part of the program. Such items and services will be subject to the same or more favorable Member cost-sharing specified for such items and services under this Agreement.

Participation in such programs will not affect their continued eligibility, premiums, or benefits under this Agreement. The Plan reserves the right to modify or discontinue any such program at any time.

#### J. **WELLNESS PROGRAMS**

The Plan may offer Members the opportunity to participate in programs of health promotion and/or disease prevention. When offered, these programs will be available to Members without regard to health status. Whether or not Members decide to participate in such programs will not affect their continued eligibility, benefits, premiums, or cost-sharing obligations under this Agreement.

At times, the Plan may offer rewards for Member participation in certain of these programs. Any reward provided by the Plan in connection with these programs will not be offered or conditioned upon the Member satisfying a standard that is based on a health related factor.

#### K. **VALUE PROGRAMS**

The Plan may offer Members the opportunity to participate in programs which create incentives to use lower cost services. At times, these incentives may offer rewards to Members. Such rewards may take the form of cash or cash equivalents and, therefore, may be subject to taxation as miscellaneous income. Any such programs will be offered to all Members. Whether or not Members decide to participate in such

programs will not affect their continued eligibility, their premium, or reduce their benefits under this Agreement.

Highmark Blue Cross Blue Shield reserves the right to modify or discontinue any such program at any time.

## SECTION SB - SCHEDULE OF BENEFITS

Subject to the exclusions, conditions, and limitations of this Agreement, and subject to **SECTION HC - HEALTH CARE MANAGEMENT SERVICES** in this Agreement, a Member is entitled to benefits for Covered Services as set forth in this **SECTION SB - SCHEDULE OF BENEFITS** during a Benefit Period. Benefits are subject to the Deductible, Copayment and Coinsurance, if any, and in the amounts as specified in this Section. Coverage is provided at Network and Out-of-Network levels of benefits. Services received from Network providers are provided at a higher level of benefits than Out-of-Network services, and certain services are covered only when they are received from Network Providers. Benefits for Emergency Care services and Urgent Care services are provided at the Network services level of benefits.

### I. **BENEFIT PERIOD**

Calendar year.

### II. **DEDUCTIBLES**

- A. The Network Deductible (as indicated in the Schedule of Benefits, below) applies to all Covered Services received during a Benefit Period from a Network Provider, except where exempted by law or indicated in the Schedule of Benefits. In addition, the Network Deductible applies to emergency services and urgent care services, regardless of where received. The Network Deductible is applicable toward the satisfaction of the out-of-pocket maximum for Network Covered Services specified in this Schedule.
- B. The Out-of-Network Deductible (as indicated in the Schedule of Benefits, below) applies to all Covered Services received during a Benefit Period from an Out-of-Network Provider except as indicated in paragraph A above and except where exempted by law or as indicated in the Schedule of Benefits. The Out-of-Network Deductible is applicable toward the satisfaction of the Out-of-Network maximum for Out-of-Network Covered Services specified in this Schedule.
- C. The Plan will begin to pay benefits for each Member who satisfies his or her own individual Deductible whether or not the entire Family Deductible has been satisfied. The entire Family Deductible (as indicated in the Schedule of Benefits, below) must be satisfied in one (1) Benefit Period by two (2) or more family members in order for the family to satisfy the Family Deductible. No individual Member may satisfy the entire Family Deductible. Once the entire Family Deductible amount has been satisfied, the Plan will pay benefits for all remaining family members.

### III. **OUT-OF-POCKET MAXIMUM**

All out-of-pocket maximum amounts are based on the Plan Allowance.

#### A. **INDIVIDUAL OUT-OF-POCKET MAXIMUM**

##### 1. **Network Covered Services**

When a Member incurs Deductible, Copayment and Coinsurance expenses for Network Covered Services furnished to the Member in one (1) Benefit Period equal to the relevant individual Out-of-Pocket Maximum indicated on the Schedule of Benefits below, the benefits payable for claims received by the Plan for that Member during the remainder of the Benefit Period will increase to one hundred percent (100%) of the Plan Allowance.

The dollar amount specified shall not include any amounts in excess of the Plan Allowance.

2. **Out-of-Network Covered Services**

When a member incurs Deductible, Copayment and Coinsurance expenses for Out-of-Network Covered Services furnished to the Member in one (1) Benefit Period equal to the relevant individual Out-of-Pocket Maximum indicated on the Schedule of Benefits below, the benefits payable for claims received by the Plan for that Member during the remainder of the Benefit Period will increase to one hundred percent (100%) of the Plan Allowance.

The dollar amount specified shall not include any amounts in excess of the Plan Allowance.

B. **FAMILY OUT-OF-POCKET MAXIMUM**

1. **Network Covered Services**

When Members under the same Family Coverage incur Deductible, Copayment and Coinsurance expenses equal to the relevant family Out-Of-Pocket Maximum indicated on the Schedule of Benefits below for Network Covered Services furnished to the Members in one (1) Benefit Period, the benefits payable for claims received by the Plan thereafter for all Members under that same Family Coverage during the remainder of the Benefit Period will increase to one hundred percent (100%) of the Plan Allowance.

In the case of Family Coverage, no individual Member may contribute cost-sharing expenses greater than their Individual Out-of-Pocket Maximum. However, as each Member reaches their Individual Out-of-Pocket Maximum, the benefits payable for that Member will increase to 100% of the Plan Allowance for the remainder of the Benefit Period, whether or not the Family Out-of-Pocket Maximum has been met.

The dollar amount specified shall not include amounts in excess of the Plan Allowance.

2. **Out-of-Network Covered Services**

When Members under the same Family Coverage incur Deductible, Copayment and Coinsurance expenses for Out-of-Network Covered Services equal to the relevant family Out-Of-Pocket Maximum indicated on the Schedule of Benefits below for Out-of-Network Covered Services furnished to the Members in one (1) Benefit Period, the benefits payable for claims received by the Plan thereafter for all Members under that same Family Coverage during the remainder of the Benefit Period will increase to one hundred percent (100%) of the Plan Allowance.

In the case of Family Coverage, no individual Member may contribute cost-sharing expense greater than their Individual Out-of-Pocket Maximum. However, as each Member reaches their Individual Out-of-Pocket Maximum, the benefits payable for that Member will increase to 100% of the Plan Allowance for the remainder of the Benefit Period, whether or not the Family Out-of-Pocket Maximum has been met.

The dollar amount specified shall not include amounts in excess of the Plan Allowance.

IV. **PLAN PAYMENT AND MEMBER LIABILITY**

The Plan uses the Plan Allowance to calculate the benefit payable and the financial liability of the Member for Medically Necessary and Appropriate Services covered under this Agreement. In the case of Outpatient Prescription Drug benefits, the Plan uses the Provider's Allowable Price for this calculation.

See **SECTION DE - DEFINITIONS** of this Agreement for the definitions of “Plan Allowance” and “Provider’s Allowable Price”.

1. **Plan Payment**

The Plan’s payment is determined by first subtracting any Deductible and/or Copayment liability from the Plan Allowance. The Coinsurance percentage of the Plan Allowance set forth in **SECTION SB - SCHEDULE OF BENEFITS** is then applied to that amount. This amount represents the Plan’s payment. Any remaining Coinsurance amount is the Member’s responsibility.

2. **Member Liability**

The Member’s total liability is the sum of any applicable Deductible, Copayment and/or Member Coinsurance obligations. Network Providers and Participating Pharmacy Providers will accept the Plan’s payment plus the Member’s total liability as payment in full for the Covered Services provided to the Member.

Out-of-Network Providers are not required to accept the Plan’s payment as payment in full. When a Member receives non-emergency Covered Services from an Out-of-Network Provider, the Out-of-Network Provider may bill the Member for the difference between the Out-of-Network Provider’s billed amount and the Plan’s payment. This is in addition to any Member Deductible, Copayment and/or Coinsurance obligations. If a Member receives services which are not covered under this Agreement, the Member is responsible for all charges associated with those services. When a Member receives emergency ambulance services by ground or water, from an Out-of-Network volunteer fire company or emergency medical services provider agency certified by the Delaware State Fire Prevention Commission, the provider may bill the member for the difference between the provider’s billed amount and the Plan’s payment. This is in addition to any Member coinsurance, deductible, and/or copayment obligations.

However, the following Covered Services when received from an Out-of-Network Provider will be provided at the Network Services level of benefits and the Member will not be responsible for such difference.

- a. Emergency Care Services as set forth in the EMERGENCY CARE SERVICES Subsection of **SECTION DB - DESCRIPTION OF BENEFITS**; and
- b. Ambulance Services as set forth the AMBULANCE SERVICES Subsection of **SECTION DB - DESCRIPTION OF BENEFITS** in conjunction with Emergency Care Services or when provided by air; and
- c. Urgent Care Services.

In very limited circumstances, Members may also not be liable for charges for non-emergency Covered Services received from certain Professional Providers or Ancillary Providers who are not part of the Network. A Network Facility Provider may have an arrangement with a Professional Provider or Ancillary Provider who is not part of the Network to render certain items and professional services (such as, but not limited to, equipment, devices, anesthesiology, radiology or pathology services) to the patients of the Network Facility Provider. The selection of such Professional Providers or Ancillary Providers may be beyond the patient’s control. In that situation, the Member will not be liable, except for applicable Network Deductible, Copayment or Coinsurance obligations, for the charges of that Professional Provider or Ancillary Provider.

In the event that a Member requires non-emergency Covered Services that are not available within the Network, the Plan may refer the Member to a Provider who is not a Network Provider. In such cases, Services will be covered at the Network Service benefit level and the liability of the Member will be limited to the Network Coinsurance amount plus any Network Deductible and/or Copayment obligations.

3. **Plan Payment and member Liability for Covered Medications**

The Plan's payment for Covered Medications purchased from a Participating Pharmacy Provider is determined by first subtracting any Deductible liability and/or copayment liability from the Provider's Allowable Price. The Coinsurance percentage as set forth in **SECTION SB - SCHEDULE OF BENEFITS** is then applied to that amount once the Deductible, if any, has been satisfied. Any remaining Coinsurance amount is the Member's responsibility. The Member's total liability for Covered Medications is the sum of any Deductible, Copayment, and Coinsurance obligations, if any. However, until the Member has satisfied their Deductible, the Participating Pharmacy Provider is entitled to collect from the Member 100% of the Provider's Allowable Price for Covered Medications at the time of purchase. Preventive Medications are exempt from any Deductible, Copayment and/or Coinsurance obligation. The Plan's payment for preventive covered medications is 100% of the Provider's Allowable Price. No benefits are payable for Covered Medications purchased from a Non-Participating Pharmacy Provider. Coverage is not provided for prescription drugs and over-the-counter drugs not appearing on the formulary, unless an exception has been granted pursuant to the prescription drug or contraceptive exceptions process described in **SECTION HC - HEALTH CARE MANAGEMENT SERVICES**.

4. **Plan Payment for Vision Care Services**

The Plan Allowance for Participating Vision Providers within or outside Delaware is the amount agreed to by the Participating Vision Provider as payment in full, as set forth in the agreement between the Participating Vision Provider and the Plan.

5. **Plan Payment for Dental Services**

The Plan Allowance for Participating Dentists within or outside Delaware is the amount agreed to by the Participating Dentist as payment in full, as set forth in the agreement between the Participating Dentist and the Plan.

V. **COVERED SERVICES**

Benefits are payable for those Covered Services listed in this Schedule or otherwise specified in this Agreement. See **SECTION DB - DESCRIPTION OF BENEFITS** in this Agreement for further explanation and additional limitations.

The Deductible applies to all Covered Services, except where exempted by law or as otherwise indicated in this Section. Subject to the provisions of this Agreement, a Member is responsible for payment of any cost-sharing amounts due to the Provider after the amounts paid by the Plan hereunder. The payment amount is based on the Plan Allowance at the time Services are rendered. The payments to a Hospital or Facility Provider may be adjusted from time to time based on settlements with the Providers. Such adjustments will not affect the Member's Deductible or Coinsurance obligation.

## SECTION GP - GENERAL PROVISIONS

### A. APPEAL PROCEDURE

#### 1. Internal Appeal Process

- a. The Plan maintains an internal appeal process involving one (1) level of review.
- b. At any time during the appeal process, a Member may choose to designate an authorized representative to participate in the appeal process on the Member's behalf. The Member or the Member's authorized representative shall notify the Plan, in writing, of the designation. For purposes of the appeal process, authorized representative includes designees, legal representatives and, in the case of a minor, parents of a Member entitled or authorized to act on the Member's behalf. The Plan reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on behalf of a Member. Such procedures as adopted by the Plan shall, in the case of an Urgent Care Claim, permit a Professional Provider or Professional Other Provider with knowledge of the Member's medical condition to act as the Member's authorized representative.

At any time during the appeal process, a Member may contact the Member Service Department at the toll-free telephone number listed on the Member's Identification Card to inquire about the filing or status of an appeal.

- c. If a Member has received notification that a Claim has been denied by the Plan, in whole or in part, or is not subject to legal prohibitions against balance billing, the Member may appeal the decision. For purposes of this Subsection, determinations made by the Plan to rescind a Member's coverage, not to continue coverage of an Eligible Dependent child past the limiting age based on a disability, or to deny the enrollment request of an individual that the Plan has determined is ineligible for coverage under this Agreement, can also be appealed in accordance with the procedures set forth in this Subsection. The Member's appeal must be submitted within one hundred eighty (180) days from the date of the Member's receipt of notification of the adverse decision.
- d. The Member, upon request to the Plan, may review all documents, records and other information relevant to the appeal and shall have the right to submit or present additional evidence or testimony which includes any written or oral statements, comments and/or remarks, documents, records, information, data or other material in support of the appeal.
- e. The appeal will be reviewed by a representative from the Member Grievance and Appeals Department. For appeals involving medical or clinical matters, including medical necessity or appropriateness of treatment, a licensed, certified or registered health care personnel with expertise in the field implicated by the appeal will conduct the review. The representative shall not have been involved or be the subordinate of any individual that was involved in any previous decision to deny the Claim or matter which is the subject of the Member's appeal. In rendering a decision on the appeal, the Member Grievance and Appeals Department will take into account all evidence, comments, testimony, documents, records and other information submitted by the Member without regard to whether such information was previously submitted to or considered by the Plan. The Member Grievance and Appeals Department will afford no deference to any prior adverse decision on the Claim which is the subject of the appeal.

- f. Each appeal will be promptly investigated and the Plan will provide written notification of its decision within the following time frames:
  - i. When the appeal involves a non-urgent care Pre-service Claim, within a reasonable period of time appropriate to the medical circumstances involved not to exceed thirty (30) days following receipt of the appeal;
  - ii. When the appeal involves an Urgent Care Claim, as soon as possible taking into account the medical exigencies involved but not later than seventy-two (72) hours following receipt of the appeal; or
  - iii. When the appeal involves a Post-service Claim, or a decision by the Plan to rescind coverage or deny an enrollment request because the individual is not eligible for coverage, within a reasonable period of time not to exceed thirty (30) days following receipt of the appeal.
- g. If the Plan fails to provide notice of its decision within the above-stated time frames or otherwise fails to strictly adhere to these appeal procedures, the Member shall be permitted to request an external review and/or pursue any applicable legal action.
- h. In the event that the Plan renders an adverse decision on the internal appeal, the notification shall include, among other items, the specific reason or reasons for the adverse decision and a statement regarding the right of the Member to request an external review and/or pursue any applicable legal action.

## 2. **External Review Process**

A Member shall have four (4) months from the receipt of notice of the Plan's decision to appeal the denial resulting from the Internal Appeal Process by requesting external review of the decision. To be eligible for external review, the decision of the Plan to be reviewed must involve:

- i. a Claim that was denied involving medical judgment, including application of the Plan's requirements as to medical necessity, appropriateness, health care setting, level of care, effectiveness of a Covered Service or a determination that the treatment is experimental or investigational;
- ii. a Claim that the Plan has concluded is not subject to legal prohibitions against balance billing; or
- iii. a determination made by the Plan to rescind a Member's coverage or to deny the enrollment request of an individual due to ineligibility for coverage under this Agreement.

In the case of a denied Claim, the request for external review may be filed by either the Member or a health care Provider, with the written consent of the Member in the format required by or acceptable to the Plan. The request for external review should include any reasons, material justification and all reasonably necessary supporting information as part of the external review filing.

a. Preliminary Review and Notification

Upon receiving a request for external review, the Plan will complete a preliminary review of the external review request to determine:

- i. in the case of a denied Claim, whether the Member is or was covered under this Agreement at the time the Covered Service which is the subject of the denied Claim was or would have been received;
- ii. whether the Member has exhausted the Plan's Internal Appeal Process, unless otherwise not required to exhaust that process; and
- iii. whether the Member has provided all of the information and any applicable forms required by the Plan to process the external review request.

Following completion of its preliminary review of the request, the Plan shall notify the Member, or health care Provider filing the external review request on behalf of the Member, of its determination.

In the event that the external review request is not complete, the notification will describe the information or materials needed to complete the request in which case the Member, or health care Provider filing the external review request on behalf of the Member, must correct and/or complete the external review request no later than the end of the four (4) month period in which the Member was required to initiate an external review of the Plan's decision or, alternatively, forty-eight (48) hours following receipt of the Plan's notice of its preliminary review, whichever is later.

In the event that the external review request is complete but not eligible for external review, notification by the Plan will include the reasons why the request is ineligible for external review and contact information that the Member may use to receive additional information and assistance.

b. Final Review and Notification

Upon receiving a request that is complete and eligible for external review, the Plan will transmit the external review request electronically to the Delaware Department of Insurance (DOI) as soon as possible, but within no more than three (3) business days. The DOI will assign the external review request to an Independent Review Organization (IRO) to conduct the external review. The assigned IRO will notify the Member, or health care Provider filing the external review request on behalf of the Member, that the request has been accepted and is eligible for external review. The notice will further state that the IRO has been assigned to conduct the external review and that any additional information which the Member or health care Provider may have in support of the request must be submitted, in writing, within seven (7) calendar days following receipt of the notice. Any additional information timely submitted by the Member or health care Provider and received by the assigned IRO will be forwarded to the Plan. Upon receipt of the information, the Plan shall be permitted an opportunity to reconsider its prior decision regarding the Claim that was denied or the matter which is the subject of the external review request.

The assigned IRO will review all of the information and documents that it timely received and make a decision on the external review request. The decision shall be made without regard or deference to the decision that was made in the Plan's Internal Appeal Process. The assigned IRO shall provide written notice of its final external review decision to the Plan and Member, or

the health care Provider filing the external review request on behalf of the Member, within forty-five (45) days from receipt by the IRO of the external review request. Written notice of the decision shall provide, among other information, a statement of the principal reasons for the decision including the rationale and standards relied upon by the IRO, as well as other relevant information.

c. Expedited External Review  
(Applies to Urgent Care Claims only)

If the initial decision of the Plan or the denial resulting from the Plan's Internal Appeal Process involves an Urgent Care Claim, a Member or health care Provider on behalf of the Member may request an expedited external review of the Plan's decision. Requests for expedited external review are subject to review by the Plan to determine whether they are timely, complete and eligible for external review. When the request involves a denied Urgent Care Claim, the Plan must complete the preliminary review and provide notice of its eligibility determination immediately upon receipt of the request for expedited external review. If the request is eligible for expedited external review, the Plan must then transmit all necessary documents and information that was considered in denying the Urgent Care Claim involved to an assigned IRO in an expeditious manner. The assigned IRO will conduct the review and provide notice of its final external review decision as expeditiously as the Member's medical condition or circumstances require, but in no event more than seventy-two (72) hours following receipt by the IRO of the request for expedited external review. If notice of the decision by the IRO is not provided in writing, the IRO must provide within forty-eight (48) hours following initial notice of its final external review decision written confirmation of that decision to the Plan and the Member, or health care Provider filing the expedited external review request on behalf of the Member.

3. **Member Assistance Services**

Members may obtain assistance with the Plan's claim and internal appeal and external review procedures set forth in this Section by contacting the Delaware Department of Insurance or such other applicable office of health insurance consumer assistance or ombudsman. Please note that in the preparation of an appeal of an adverse determination involving treatment for substance abuse, legal assistance may be available to you from attorneys working for the Delaware Department of Justice.

B. **BENEFITS AFTER TERMINATION OF COVERAGE**

1. If a Member is an Inpatient in a Facility Provider on the day this Agreement is terminated by the Plan, for reasons other than non-payment of premium, and the Member incurs charges while the Member remains an inpatient, the Member shall be entitled to benefits under the terms of this Agreement.

Benefits will be provided, for charges Incurred for the inpatient confinement, until the earlier of:

- a. 10 days after the Agreement terminates; or
- b. the end of the Benefit Period.

Any such continuation of benefits after the date this Agreement is terminated is conditioned upon the continuous inpatient confinement of the Member and the providing of documentation as required by the Plan which evidences such continued inpatient confinement.

2. If a newborn child is not otherwise eligible for continuing benefits beyond the first thirty-one (31) days as a Dependent under this or any other current agreement, benefits may be continued for such child if, within said thirty-one (31) day period, the Member applies for and is issued an Agreement for said newborn either individually or as a Dependent, subject to Paragraph 1 of this Subsection.
3. If this Agreement terminates as the result of non-payment of premiums, fraud or intentional misrepresentation of a material fact, the liability of the Plan shall cease as of the date of such termination, and no benefits will be provided for newborn care Incurred after that date, subject to Paragraph 1 of this Subsection.
4. Benefits will also be provided for a Member who, on the date this Agreement terminates and:
  - a. as described in **SECTION HC - HEALTH CARE MANAGEMENT SERVICES, BENEFITS AFTER PROVIDER TERMINATION FROM THE NETWORK** Subsection of this Agreement is in an active course of treatment until the earlier of such time as that treatment has been completed or for a period of up to ninety (90) days from the date this Agreement terminates.

Benefits will be provided in accordance with the requirements of that Subsection.

**C. BENEFITS TO WHICH MEMBERS ARE ENTITLED**

1. The benefit liability of the Plan is limited to the benefits specified in this Agreement.
2. Except as provided in the **TRANSPLANT SERVICES** Subsection of **SECTION DB - DESCRIPTION OF BENEFITS** and for certain services related to a gestational carrier or surrogate under the **FERTILITY CARE SERVICES** Subsection of **SECTION DB – DESCRIPTION OF BENEFITS**, no person other than a Member is entitled to receive benefits under this Agreement. Such right to benefits and coverage is not transferable.
3. Benefits for Covered Services specified in this Agreement will be provided only for Services and supplies rendered by a Provider as defined in **SECTION DE - DEFINITIONS** of this Agreement and regularly included in such Provider's charges.

**D. COLLEGE TUITION REWARD PROGRAM**

1. The Plan provides access to a College Tuition Reward Program ("Program") made available by SAGE CTB LLC ("Sage"). Sage represents and has agreements with a consortium of private colleges and universities that participate in the Program.
2. Participation in the Program is at the sole option of the Member.
3. Members who wish to participate in the Program can earn college tuition reward points that can be converted into equivalent cash credits which may be applied to the tuition expenses that eligible students incur when attending Sage-participating colleges and universities. Credits are earned and accumulate during the period in which the Member is enrolled under this Agreement.
4. Information regarding Program details including a listing of participating colleges and universities will be provided by Sage.
5. The Plan makes no representations and assumes no liability in connection with the Program or its administration.

**E. COMPLIANCE WITH THE LAW; AMENDMENT**

Anything contained herein to the contrary notwithstanding, the Plan shall have the right to modify this Agreement, including any endorsements hereto, at any time during the term of this Agreement, for the following purposes:

- a. to comply with the provisions of any law, regulation or lawful order; and/or
- b. to reflect the loss or discontinuation of payments made or to be made by the federal government or any state or local government.

These amendments may include, but are not limited to, the modification of premium rates and the increase, reduction or elimination of any of the benefits provided for any one (1) or more eligible Members enrolled under the terms of this Agreement.

**F. CONTINUATION UPON DEATH OF SUBSCRIBER OR TERMINATION OF SUBSCRIBER'S COVERAGE**

Unless coverage under this Agreement is provided pursuant to enrollment through the Exchange, coverage may continue under this Agreement for the covered Dependents upon termination of the Subscriber's coverage under this Agreement due to enrollment in a Medicare Supplemental or Medicare Advantage plan, or due to the death of the Subscriber, for any period for which premium has already been paid. The Subscriber's spouse, if covered under this Agreement, shall thereafter become the Subscriber upon notice to the Plan of the termination of the Subscriber's coverage or the Subscriber's death. If the Subscriber's spouse was not covered under this Agreement, a Dependent child may become a Subscriber, but only under his or her own agreement.

**G. COORDINATION OF BENEFITS**

Except as otherwise stated, all benefits provided under this Agreement are subject to the following provisions of this Subsection and will not be increased by virtue of this Subsection.

**1. Definitions**

In addition to the Definitions of this Agreement, the following definitions apply to this Subsection:

- a. Other Agreement - any individual, group or group-type coverage, whether insured or uninsured, providing health care benefits or Services, other than school/student accident-type coverage, or a group or group-type hospital indemnity Agreement of one hundred dollars (\$100) per day or less, including:
  - i. Blue Cross, Blue Shield, health maintenance organization and other prepayment coverage;
  - ii. coverage under labor-management trustee plans, union welfare plans, employer organization plans, or employee benefit organization plans; and
  - iii. coverage under any tax-supported or government program to the extent permitted by law.

"Other Agreement" shall be applied separately with respect to each arrangement for benefits or Services and separately with respect to that portion of any arrangement which reserves the

right to take the benefits or Services of Other Agreements into consideration in determining its benefits and that portion which does not.

- b. Dependent - for any Other Agreement, any person who qualifies as a Dependent under that Agreement.
- c. Allowable Expense - a health care expense, including any Deductibles and Coinsurance for a Service or supply specified in this Agreement, to the extent that such Service or supply is covered by this and/or the Other Agreement. When benefits are provided in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by this and/or the Other Agreement is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- i. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless this or the Other Agreement provides coverage for private hospital room expenses.
  - ii. If a Member is covered by this and one (1) or more Other Agreements that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  - iii. If a Member is covered by this and one (1) or more Other Agreements that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
  - iv. If a Member is covered by this and an Other Agreement, one (1) of which calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and the other of which provides its benefits or services on the basis of negotiated fees, the payment arrangement of the Primary Agreement will be deemed the Allowable Expense. However, if a provider under the Secondary Agreement provides benefits or services for a specific negotiated fee or payment amount that is different than the payment arrangement under the Primary Agreement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Agreement to determine its benefits.
  - v. The amount of any benefit reduction under the Primary Agreement because a Member has failed to comply with the plan provisions is not an Allowable Expense. Examples of these types of provisions include, but are not limited to, second surgical opinions, precertification of admissions, and preferred provider arrangements.
- d. Primary/Secondary Agreement - the order of benefit determination rules state whether this Agreement is a Primary Agreement or a Secondary Agreement.
    - i. When this Agreement is a Primary Agreement, its benefits are determined before those of the Other Agreement and without considering the Other Agreement's benefits.

- ii. When this Agreement is a Secondary Agreement, its benefits are determined after those of the Other Agreement and may be reduced because of the benefits of the Other Agreement.
- iii. When there are more than two (2) Other Agreements covering the person, this Agreement may be a Primary Agreement as to one (1) or more Other Agreements, and may be a Secondary Agreement as to a different agreement or agreements.

**2. Effect On Benefits**

- a. This Subsection shall apply in determining the benefits payable under this Agreement if, for the Covered Services received, the sum of the benefits payable under this Agreement and the benefits payable under Other Agreements would exceed the total Allowable Expense.
- b. Except as provided in Paragraph 2.c. of this Subsection, when this Agreement is a Secondary Agreement, benefits will be calculated based on what the Plan would have paid on the claim in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under this Agreement that is unpaid under the Primary Agreement. The Plan may reduce its payment by the amount so that, when combined with the amount paid under the Primary Agreement, the total benefits paid or provided under all agreements for the claim do not exceed the total Allowable Expense for that claim. In addition, the Plan shall credit to the applicable Deductible any amounts it would have credited to that Deductible in the absence of other health care coverage. Benefits payable under Other Agreements include the benefits that would have been payable had a claim been made.
- c. If,
  - i. an Other Agreement contains a provision coordinating its benefits with those of this Agreement and its rules require the benefits of this Agreement to be determined first; and
  - ii. the rules set forth in Paragraph 2.d. of this Subsection require the benefits of this Agreement to be determined first;then the benefits of the Other Agreement will be ignored in determining the benefits under this Agreement.
- d. In accordance with the National Association of Insurance Commissioners, this Agreement determines its order of benefits using the first of the following rules which apply:
  - i. The benefits of an agreement which covers the person as other than a Dependent shall be determined first,
  - ii. When this Agreement and an Other Agreement cover the person as a Dependent child whose parents are married or are living together, whether or not they have ever been married:
    - (a) the benefits of the agreement which covers the person as a Dependent of the parent whose birthday (month and day) falls earliest in the year shall be determined first; but,

- (b) if both parents have the same birthday, the benefits of the agreement which covered the parent longer are determined before those of the Agreement which covered the other parent for a shorter period of time.
- iii. when this Agreement and an Other Agreement cover the person as a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
  - (a) if a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage, that agreement is the Primary Agreement;
  - (b) if a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of d. ii) (a) above shall determine the order of benefits;
  - (c) if a court decree states that parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of d. ii) (a) above shall determine the order of benefits; or
  - (d) if there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    - (i) the agreement covering the custodial parent;
    - (ii) the agreement covering the spouse of the custodial parent;
    - (iii) the agreement covering the non-custodial parent; and then
    - (iv) the agreement covering the spouse of the non-custodial parent.
- iv. The benefits of the agreement covering the person as an employee other than a laid-off or retired employee or as a Dependent of such person shall be determined before the benefits of the agreement covering the same person as a laid-off or retired employee or as a Dependent of such person. If an Other Agreement does not have this provision regarding laid-off or retired employees and, as a result, the agreements do not agree on the order of benefits, then this rule is ignored.
- v. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under an Other Agreement, the agreement covering the person as an employee, member, subscriber or retiree or covering the person as a Dependent of an employee, member, subscriber or retiree is the Primacy Agreement and the COBRA or state or other federal continuation coverage is the Secondary Agreement. If an Other Agreement does not have this rule, and as a result, the agreements do not agree on the order of benefits, then this rule is ignored. This rule does not apply if the rule set forth in d. i) above can determine the order of benefits.
- vi. If none of the above rules determines the order of benefits, the benefits of the agreement which has covered the person for the longest period of time shall be determined first.

- e. If an Other Agreement does not contain provisions establishing the same order of benefit determination rules, the benefits under that agreement will be determined before the benefits under this Agreement.

### 3. **Facility of Payment**

Whenever payments should have been made under this Agreement in accordance with this Subsection, but the payments have been made under any Other Agreement, the Plan has the right to pay to any organization that has made such payment any amount it determines to be warranted to satisfy the intent of this Subsection. Amounts so paid shall be deemed to be benefits paid under this Agreement and, to the extent of the payments for Covered Services, the Plan shall be fully discharged from liability under this Agreement.

### 4. **Right of Recovery**

- a. Whenever payments have been made by the Plan for Covered Services in excess of the maximum amount of payment necessary at that time to satisfy the intent of this Subsection, irrespective of to whom paid, the Plan shall have the right to recover the excess from among the following, as the Plan shall determine: any person to or for whom such payments were made, any insurance company, or any other organization.
- b. The Member and the Plan will cooperate fully to make every reasonable effort under the circumstances, to help secure the Plan's rights to recover these excess payments.

### 5. **Benefits Payable**

The Plan shall not be required to determine the existence of any Other Agreement or amount of benefits payable under any Other Agreement except this Agreement. The payment of benefits under this Agreement shall be affected by the benefits payable under any and all Other Agreements only to the extent that the Plan is furnished with information relative to such Other Agreements by the Member or any other insurance company or organization or person.

## H. **FORCE MAJEURE**

- 1. No failure, delay, or default in performance of any obligation of the Plan required under this Agreement shall constitute an event of default or breach of the Agreement to the extent that such failure to perform, delay or default arises out of a cause, existing or future, that is beyond the reasonable control and not the result of the negligence of the Plan. Such events include, by way of illustration and not limitation, Acts of God, war (declared or undeclared), government regulation, acts or inaction of governmental authority, civil or military authority, unforeseen disruptions caused by suppliers, subcontractors, vendors, or carriers, terrorism, disaster, strikes, civil disorder, curtailment of transportation facilities, fire, floods, blizzards, epidemics, pandemics, viral or communicable disease outbreaks, National Emergency, quarantines, disruption of the labor force and/or any other cause which is beyond the reasonable control of the Plan (hereinafter a "Force Majeure Event"), that makes it impossible, illegal, or commercially impracticable for the Plan to perform its obligations under this Agreement, in whole or in part.
- 2. Upon the occurrence of a Force Majeure Event, the Plan shall take action to minimize the consequences of the Force Majeure Event. If the Plan relies on any of the foregoing as an excuse for failure, default or delay in performance, it shall give prompt written notice of the facts that constitute such Force Majeure Event, when it arose, and when it is expected to cease to the Subscriber.

I. **GOVERNING LAW**

This Agreement is entered into and is subject to the laws of the State of Delaware. The invalidity or unenforceability of any terms or conditions hereof shall in no way affect the validity or enforceability of any other terms or provisions. The waiver by either party of a breach or violation of any provision of this Agreement shall not operate as or be construed to be a waiver of any subsequent breach or violation thereof.

J. **IDENTIFICATION CARDS**

The Plan shall furnish to the Member an Identification Card to be presented to Providers when a service is requested.

K. **INTER-PLAN ARRANGEMENTS**

1. **Out-of-Area Services**

The Plan has a variety of relationships with other Blue Cross and/or Blue Shield Licensees, referred to generally as “Inter-Plan Arrangements”. These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever Members access health care services outside the geographic area the Plan serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

Typically, when accessing care outside the geographic area the Plan serves, Members obtain care from providers that have a contractual agreement (“participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, Members may obtain care from providers in the Host Blue geographic area that do not have a contractual agreement (“non-participating providers”) with the Host Blue. The Plan remains responsible for fulfilling our contractual obligations to you. The Plan payment practices in both instances are described below.

2. **BlueCard® Program**

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when Members access Covered Services outside the geographic area the Plan serves, the Host Blue will be responsible for contracting and handling all interactions with its participating health care providers.

The financial terms of the BlueCard Program are described generally below.

**Liability Calculation Method Per Claim**

Unless subject to a fixed dollar copayment, the calculation of the Member liability on claims for Covered Services processed through the BlueCard Program will be based on the lower of the participating provider’s billed charges for Covered Services or the negotiated price made available to the Plan by the Host Blue.

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's health care provider contracts. The negotiated price made available to the Plan by the Host Blue may be represented by one of the following:

- i. an actual price. An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases, or
- ii. an estimated price. An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements and performance-related bonuses or incentives; or
- iii. an average price. An average price is a percentage of billed charges for Covered Services in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its health care providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues determine whether or not they will use an actual, estimated or average price. Host Blues using either an estimated price or an average price may prospectively increase or reduce such prices to correct for over- or underestimation of past prices (i.e. prospective adjustment may mean that a current price reflects additional amounts or credits for claims already paid or anticipated to be paid to providers or refunds received or anticipated to be received from providers). However, the BlueCard Program requires that the amount paid by the Member is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims. The method of claims payment by Host Blues is taken into account by the Plan in determining your premiums.

### 3. **Return of Overpayments**

Recoveries of overpayments/from a Host Blue or its participating and non-participating providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to the Plan, they will be credited to your account. In some cases, the Host Blue will engage a third party to assist in identification or collection of overpayments. The fees of such a third party may be charged to you as a percentage of the recovery.

### 4. **Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

In some instances, federal or state laws or regulations may impose a surcharge, tax or other fee that applies to insured accounts. If applicable, the Plan will include any such surcharge, tax or other fee in determining your premium.

### 5. **Non-Participating Providers Outside of the Plan Service Area**

#### a. **Member Liability Calculation**

When Covered Services are provided outside of the Plan Service Area by non-participating providers, the amount(s) a Member pays for such services will generally be based on either

the Host Blue's non-participating provider local payment or the pricing arrangements required by applicable law. In these situations, the Member may be responsible for the difference between the amount that the non-participating provider bills and the payment the Plan will make for the Covered Services as set forth in this Subsection. Payments for emergency services rendered by non-participating providers will be governed by applicable federal and state law.

b. Exceptions

In some exception cases, the Plan may pay claims from non-participating health care providers outside of the Plan Service Area based on the provider's billed charge. This may occur in situations where a Member did not have reasonable access to the participating provider, as determined by the Plan in the Plan's sole and absolute discretion or by applicable law. In other exception cases, the Plan may pay such claims based on the payment the Plan would make if the Plan were paying a non-participating provider for the same Covered Service inside the Plan Service Area, as described elsewhere in this Agreement. This may occur where the Host Blue's corresponding payment would be more than the Plan in-service area non-participating provider payment. The Plan may choose to negotiate a payment with such provider on an exception basis.

Unless otherwise stated, in any of these exception situations, the Member may be responsible for the difference between the amount that the non-participating health care provider bills and payment the Plan will make for the Covered Services as set for in this Subsection.

6. **Blue Cross Blue Shield Global® Core**

a. General Information

If Members are outside the United States (hereinafter "BlueCard service area"), they may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists Members with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when Members receive care from provider outside the BlueCard service area, Members will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

b. Inpatient Covered Services

In most cases, if Members contact the Blue Cross Blue Shield Global Core service center ("service center") for assistance, hospitals will not require Members to pay for covered inpatient services, except for their cost-sharing amounts. In such cases, a Blue Cross Blue Shield Global Core contracting hospital will submit Member claims to the service center to initiate claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to obtain reimbursement for Covered Services. **Members must contact the Plan to obtain precertification for non-emergency inpatient services.**

c. Outpatient Services

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require Members to pay in full at the time of service. Members must submit a claim to obtain reimbursement for Covered Services.

d. Submitting a Blue Cross Blue Shield Global Core Claim

When Members pay for Covered Services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, Members should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center address on the form to initiate claims processing. The claim form is available from the Plan, the service center or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If Members need assistance with their claim submissions, they should call the service center at 1-(800)-810-BLUE (2583) or call collect at 1-(804)-673-1177, 24 hours a day, seven days a week.

L. **MEMBER/PROVIDER RELATIONSHIP**

1. The choice of a Provider and Supplier is solely that of the Member.
2. The Plan does not furnish Covered Services but only makes payment for Covered Services received by Members. The Plan is not liable for any act or omission of any Provider and Supplier. The Plan has no responsibility for a Provider's and Supplier's failure or refusal to render Covered Services to a Member.
3. The use or non-use of an adjective such as Ancillary, Network, Out-of-Network, Participating or Non-Participating in modifying any Provider is not a statement as to the ability of the Provider. Similarly, the use or non-use of an adjective such as Contracting or Non-Contracting in modifying any Supplier is not a statement as to the ability of the Supplier.
4. Network Professional Providers maintain the Physician-patient relationship with Members and are solely responsible to Members for all medical services. The relationship between the Plan and any Network Provider is an independent contract relationship. Network Providers are not agents or employees of the Plan, nor is any employee of the Plan an employee or agent of a Network Provider. The Plan shall not be liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by the Member while receiving care from any Network Professional Provider, or from any Provider to whom the Member has been referred.

M. **OVERPAYMENT OF PLAN BENEFITS**

The Plan and the Member will cooperate fully to make every reasonable effort under the circumstances, considering the chances of successful recovery and costs thereof, to recover any payment made to a Member or Provider which is in excess of the amount entitled to be received under the Plan.

N. **PARTICIPATING PLAN**

The Plan may make an agreement with any appropriate entity (referred to as a Participating Plan) to provide, in whole or in part, benefits for Covered Services to Members.

Wherever the phrase Blue Cross Blue Shield plan is used in this Agreement, it includes participating plan(s) outside the Plan Service Area unless the context clearly indicates to the contrary.

O. **PAYMENT OF BENEFITS**

1. Unless otherwise required by law, the Plan is authorized by the Member to make payments directly to Providers and Suppliers furnishing Covered Services for which benefits are provided under this Agreement. However, the Plan reserves the right to make the payments directly to the Member.

The right of a Member to receive payment is not assignable, except to the extent required by law, nor may benefits of this Agreement be transferred either before or after Covered Services are rendered.

2. Once Covered Services are rendered by a Provider and Supplier, the Plan will not honor the Member's requests not to pay the claims submitted by the Provider and Supplier. The Plan will have no liability to any person because of its rejection of the request.

**P. PREMIUM/MODIFICATION**

1. Each Agreement is maintained at a premium for which the Subscriber and the Subscriber's enrolled Dependents, if applicable, are eligible.
2. The amount of the premium for the Subscriber, and the Subscriber's Dependents, if applicable, at any time is the rate set forth in the schedule of rates on file with the Delaware Department of Insurance.
3. Coverage under this Agreement begins on the Effective Date and continues until the end of the calendar year. Thereafter, this coverage renews annually. The premium is payable in advance directly to the Plan on a monthly basis. Members may, for their convenience, submit amounts in excess of the specific monthly premium. However, such excess amounts will only be applied on a monthly basis by the Plan. Acceptance of the excess remittance by the Plan does not convert the term of this Agreement from a month-to-month term to some other term.
4. The Plan, subject to the approval of the Delaware Department of Insurance, may alter or revise the terms of this Agreement or the premiums. Any such alteration or revision of the terms of this Agreement shall become effective for all Members on the effective date of the alteration or revision whether or not the Subscriber has paid the premium in advance.

Any change in the premiums shall become applicable for Members upon the expiration of the period covered by the Subscriber's current payment at the time of such change. In the event of such alteration or revision of the premium, the Subscriber shall be notified in advance of the new premium and the Effective Date, and payment of the new premium shall be considered receipt of notice and acceptance of the change in premium.

Any notice shall be considered to have been given when mailed to the Subscriber at the address on the records of the Plan.

**Q. RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD PLANS**

The Subscriber is hereby notified:

This Agreement is between the Subscriber and the Plan only. Highmark Blue Cross Blue Shield is an independent Corporation operating under a license from the Blue Cross Blue Shield Association ("the Association"), which is a national association of independent Blue Cross and Blue Shield plans throughout the United States. Although all of these independent Blue Cross and Blue Shield plans operate from a license with the Association, each of them is a separate and distinct corporation. The Association allows the Plan to use the familiar Blue names and symbols in the State of Delaware. The Plan, upon entering into this Agreement, is not contracting as an agent of the national Association. Subscriber further acknowledges and agrees that Subscriber has not entered into this Agreement based upon representations by any person other than the Plan. Only the Plan shall be liable to the Subscriber

for any of the Plan's obligations under this Agreement. This paragraph does not add any obligations to this Agreement.

**R. RELEASE AND PROTECTION OF MEMBER INFORMATION**

All personally identifiable information about individual Members ("Protected Health Information") is subject to various statutory privacy standards, including state insurance regulations implementing Title V of the Gramm-Leach-Bliley Act and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), and regulations adopted thereunder by the Department of Health and Human Services (45 CFR Parts 160, 162, 164). In accordance with those standards, the Plan may use and disclose Protected Health Information to facilitate payment, treatment and health care operations as described in the Plan's Notice of Privacy Practices (NPP). Copies of Highmark's current NPP are available on Highmark's internet site, or from Highmark's Privacy Office.

At its sole discretion, the Plan may make available, either directly or through a designated vendor, Member identity theft protection services. Any decision to accept or not accept such services will not affect the continued eligibility, benefits, premiums or cost-sharing of the Member under this Contract. The Plan shall not be liable for, and the Member shall hold the Plan harmless from, any matters arising from or relating to such services.

**S. REPORTS AND RECORDS**

Each Member, in connection with the administration of, or delivery or receipt of benefits under this Agreement a) authorizes any insurer, employer, organization and health care service Provider to release to the Plan all personal health information relating to past, present and future health care examinations, treatments and diagnoses and b) authorizes the Plan to release the personal health information described above, including medical records, claims, benefits and other administrative data to insurers, health care service providers, and outside vendors. The information will only be released in connection with the following purposes: treatment decisions, appeals, complaints and grievances, coordination of care, quality assessment and measurement, quality improvement, preventive measures, audits, utilization management, case management, pharmacy management, physician review, research, fraud investigations, reviews by regulatory and accrediting bodies, claims processing, billing and reimbursement.

Each Member further agrees that approval by the Plan of benefits for any services rendered under this Agreement is contingent upon the furnishing of such information or records or copies of records.

The Member is responsible for maintaining all claims information and correspondence. If the Member requests claims information from the Plan with an Incurred date of more than twelve (12) months prior to the request, it will be the Member's responsibility to pay for the cost of retrieval of such information.

**T. REQUIRED PROVISIONS**

**1. Entire Agreement; Changes**

This Agreement, the Subscriber's application and any Endorsements and/or Schedules, the Member's enrollment confirmation letter, the Subscriber's current Identification Card and the Highmark Preventive Schedule, as amended from time to time, constitute the entire Agreement between the Member and the Plan. No change in this benefit agreement shall be valid until approved by an executive officer of the Plan and unless such approval be endorsed hereon or attached hereto. No agent or representative of the Plan, other than a Plan officer, may otherwise change this Agreement or waive any of its provisions. All statements made by a Member shall, in the absence of fraud, be deemed representations and not warranties, and no such statement shall

be used in defense to a claim under this Agreement, unless it is contained in a written instrument signed by and furnished to the Subscriber.

## 2. **Time Limit On Certain Defenses**

After two (2) years from the date of issue of this Agreement, no misstatements, except intentional misrepresentations of material fact or fraudulent misstatements, made by the Subscriber in the application for such Agreement shall be used to void the Agreement or to deny a claim for loss Incurred or disability commencing after the expiration of such two (2)-year period. No claim for loss Incurred after two (2) years from the date of issue of this Agreement shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the Effective Date of coverage of this Agreement.

Intentional misrepresentations of material fact or fraudulent misstatements will, at the option of the Plan, render this Agreement void from inception, provided such material misrepresentations or misstatements are discovered by the Plan within two (2) years of the Effective Date. In the event the Plan elects to void this Agreement, the Subscriber will be given at least thirty (30) days advance written notice and will forfeit any charges paid to the extent of any liability Incurred by the Plan.

## 3. **Grace Period**

A grace period of thirty-one (31) days from the due date will be granted for the payment of each premium. During the grace period, the Agreement will stay in force; however, no benefits will be paid for services Incurred subsequent to the Agreement's then current paid date, subject to Subsection B. **BENEFITS AFTER TERMINATION OF COVERAGE** of this Section. If appropriate payment is not received at the end of thirty-one (31) days, this Agreement automatically terminates as of the then current paid date without written notification to the Member.

When coverage under this Agreement is provided pursuant to enrollment through the Exchange and the Subscriber:

- a. is receiving Advance Payment of Premium Tax Credits (APTCs); and
- b. has made payment of at least one full monthly premium;

a grace period of three (3) consecutive months shall be provided under this Agreement for the payment of premium. Benefits will only be provided by the Plan under this Agreement for Covered Services received during the first month of the three (3) month grace period if payment of the appropriate premium amount by the Member is not received prior to the end of the grace period. Failure of the Plan to receive Advance Payment of Premium Tax Credits shall not be grounds for termination of this Agreement.

## 4. **Reinstatement**

If this Agreement is terminated due solely to nonpayment of the premium, coverage will be reinstated if the Subscriber, within thirty-six (36) days from the end of the Grace Period, tenders and the Plan receives payment of the premium required for reinstatement. The Member(s) and the Plan have the same rights under the reinstated Agreement as they had under the Agreement immediately before the due date of the defaulted premium. The right of the Subscriber to have this Agreement reinstated is limited to one (1) reinstatement during any twelve (12)-month period and to two (2) reinstatements during the Subscriber's lifetime. When coverage under this Agreement is

provided pursuant to enrollment through the Exchange, the right to reinstate coverage shall not apply.

5. **Notice of Claim and Proof of Loss  
(Applies to Post-service Claims Only)**

Network Providers have an agreement with the Plan pertaining to the payment for Covered Services rendered to a Member. When a Member receives Covered Services from a Network Provider, it is the responsibility of the Network Provider to submit its claim to the Plan in accordance with the terms of its participation agreement, but not later than six (6) months after the date of service. Should the Network Provider fail to submit its claim in a timely manner or otherwise satisfy the Plan's requirements as they relate to the filing of claims, the Member will not be liable and the Network Provider shall hold the Member harmless relative to payment of the Covered Services received by the Member.

When Covered Services are received from other than a Network Provider, the Member is responsible for submitting the claim to the Plan. In such instances, the Member must submit the claim in accordance with the following procedures:

a. **Notice of Claim**

The Plan will not be liable for any claims under this Agreement unless proper notice is furnished to the Plan that Covered Services in this Agreement have been rendered to a Member. Written notice of a claim must be given to the Plan within twenty (20) days or as soon as reasonably possible after Covered Services have been rendered to the Member. Notice given by or on behalf of the Member to the Plan that includes information sufficient to identify the Member that received the Covered Services shall constitute sufficient notice of a claim to the Plan. The Member can give notice to the Plan by writing to the Member Service Department. The address of the Member Service Department can be found on the Member's Identification Card. A charge shall be considered Incurred on the date a Member receives the Service or supply for which the charge is made.

b. **Claim Forms**

Proof of loss for benefits under this Agreement must be submitted to the Plan on the appropriate claim form. The Plan, upon receipt of a notice of a claim will, within fifteen (15) days following the date a notice of a claim is received, furnish to the Member claim forms for filing proofs of loss. If claim forms are not furnished within fifteen (15) days after the giving of such notice, the Member shall be deemed to have complied with the requirements of this Paragraph as to filing a proof of loss upon submitting, within the time fixed in this Paragraph for filing proofs of loss, itemized bills for Covered Services as described below. The proof of loss may be submitted to the Plan at the address appearing on the Member's Identification Card.

c. **Proof of Loss**

Claims cannot be paid until a written proof of loss is submitted to the Plan. Written proof of loss must be provided to the Plan within ninety (90) days after the date of such loss. Proof of loss must include all data necessary for the Plan to determine benefits. Failure to submit a proof of loss to the Plan within the time specified will not invalidate or reduce any claim if it is shown that the proof of loss was submitted as soon as reasonably possible, but in no event,

except in the absence of legal capacity, will the Plan be required to accept a proof of loss later than one (1) year from the time proof is otherwise required.

d. Submission of Claim Forms

The completed claim form, with all itemized bills attached, must be forwarded to the Plan at the address appearing on the Member's Identification Card in order to satisfy the requirement of submitting a written proof of loss and to receive payment for benefits provided under this Agreement.

To avoid delay in handling Member-submitted claims, answers to all questions on the claim form must be complete and correct. Each claim form must be accompanied by itemized bills showing:

- Person or organization providing the Service or supply
- Type of Service or supply
- Date of Service or supply
- Amount charged
- Name of patient

Professional Provider bills must show specific treatment dates. Drug and medicine bills must show prescription number, date of purchase, and the patient's name. The Member's attending Professional Provider must certify that he/she prescribed all Services by signing his/her name on all bills, except doctor bills, Hospital bills, or Prescription Drug bills. (Some bills requiring a signature of the Professional Provider include ambulance, prosthetic devices, rental of Durable Medical Equipment, etc.). Itemized bills cannot be returned.

A request for payment of a claim will not be reviewed and no payment will be made unless all of the information and evidence of payment required on the claim form has been submitted in the manner described above. The Plan reserves the right to require additional information and documents as needed to support a claim that a Covered Service has been rendered.

Notice of the Plan's claim determination will be issued within a reasonable period of time following the receipt of a proper proof of loss.

In the event that the Plan renders an adverse decision on the claim, the notification shall include, among other items, the specific reason or reasons for the adverse decision and a statement describing the right of the Member to file an appeal.

e. Time of Payment of Claims

Claim payments for benefits payable under this Agreement will be processed immediately upon receipt of a proper proof of loss.

f. Authorized Representative

Nothing in this Paragraph shall preclude a duly authorized representative of the Member from filing or otherwise pursuing a claim on behalf of the Member. The Plan reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on behalf of the Member.

6. **Physical Examinations**

The Plan, at its own expense, shall have the right and opportunity to examine the person of the Member when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

7. **Legal Actions**

No action at law or in equity shall be brought to recover on this Agreement prior to the expiration of sixty (60) days after written proof of loss has been furnished in accordance with the requirements of this Agreement. No such action shall be brought after the expiration of three (3) years after the time written proof of loss is required to be furnished.

8. **Misstatement of Age**

If the age of the Member has been misstated, all amounts payable under the Agreement shall be such as the premium paid would have purchased at the correct age.

U. **SUBROGATION**

1. To the extent that benefits for Covered Services are provided or paid under this Agreement, the Plan shall be subrogated and succeed to any rights of recovery of a Member as permitted by law for expenses Incurred against any person, firm or organization except insurers on policies or health insurance issued to and in the name of the Member.
2. The Member shall execute and deliver such instruments and take such other reasonable action as the Plan may require to secure such rights, as permitted by law. The Member shall do nothing to prejudice the rights given the Plan by this paragraph without its consent.
3. These provisions shall not apply where subrogation is specifically prohibited by law.

V. **TERMINATION OF THE MEMBER'S COVERAGE UNDER THE AGREEMENT**

1. This Agreement may be terminated by the Subscriber by giving appropriate written notice to the Plan. In such case, the termination effective date shall be the first of the month following the date of the request for termination. Notice shall be given no less than fourteen (14) days prior to the requested termination date.
2. This Agreement is guaranteed renewable and cannot be terminated without consent of the Subscriber except in the following instances:

- a. If payment of the appropriate premium is not made when due, or during the grace period, coverage will terminate as of the current paid date.

When coverage under this Agreement is provided pursuant to enrollment through the Exchange and the Subscriber receives Advance Payments of Premium Tax Credits (APTCs), failure of the Plan to receive payment of APTCs would not be grounds for terminating this Agreement when the Subscriber has made payment of his or her portion of the premium when due.

- b. If a Subscriber, in obtaining coverage, or in connection with coverage hereunder, has performed an act or practice constituting fraud or intentional misrepresentation of a material fact (e.g., misuse of the Member Identification Card), coverage will terminate immediately.

However, the Plan will not terminate this Agreement because of a Subscriber's Medically Necessary and Appropriate utilization of services covered under this Agreement.

- c. Coverage will terminate upon ninety (90) days notice to the Subscriber when the Plan discontinues this coverage, and offers to each individual the option to purchase any other individual health insurance coverage currently being offered by the Plan to individuals within the Plan Service Area, or upon one hundred eighty (180) days notice to the Subscriber when the Plan discontinues all individual coverage within the Plan Service Area.
  - d. In the event the Subscriber no longer lives in the Plan Service Area, coverage will terminate on the last day of the month for which the premium has been accepted.
3. If the coverage provided under this Agreement is a qualified health plan offered through the Exchange, coverage will terminate in the following additional circumstances:
- a. The Subscriber is no longer eligible for coverage in a qualified health plan through the Exchange in which case coverage will terminate effective:
    - i. the last day of the month following the month in which notice of ineligibility is sent by the Exchange, unless an earlier termination date is requested by the Subscriber; or
    - ii. in the case where the Subscriber is determined to be newly eligible for Medicaid, CHIP or basic health plan coverage, the last day of coverage under this Agreement shall be the day before such new coverage begins.
  - b. The qualified health plan through which coverage under this Agreement is provided terminates or is decertified.
  - c. The Subscriber elects to enroll in a different qualified health plan during an applicable open enrollment or Special Enrollment Period in which case coverage under this Agreement will terminate the day before coverage under the new qualified health plan begins.
4. If this Agreement is terminated at the option of either party, the Plan shall refund to the Subscriber the amount of any unearned prepaid premium held by the Plan. Unearned prepaid premium in any amount less than one (\$1.00) dollar shall not be refunded unless specifically requested by the Subscriber.

**W. THIRD PARTY PAYMENTS**

The Subscriber has an ongoing obligation under this Agreement to disclose to the Plan any full or partial premium payment made, directly or indirectly, by third party payers on behalf of the Subscriber or any Dependent. These payments, referred to as "third party payments" are those made by any means including, but not limited to, cash, check, money order, pre-paid debit card, credit card and electronic fund transfers. The Plan, in its sole discretion and in accordance with applicable law and regulatory guidance, reserves the right to refund and/or refuse to accept premium payments made by ineligible third party payers. "Ineligible third party payers" include any person or entity from which the Plan is not required by law to accept such third party payments. The Subscriber remains liable for all premium payments due under this Agreement for which a disallowed third party payment was made or attempted to be made on behalf of the Subscriber or any Dependent.
